

Interoffice Memo

DATE:

December 11, 2019

FROM:

Curtis Scott, Transportation Services Procurement Manager

TO:

Treasury Young, Procurement Administrator

SUBJECT

RFQ 484-052819, Batch #1 - 2019 Engineering Design Services, Contract #5 -

PI# 0013120, Monroe County

Ranking Approval

The Office of Procurement's Transportation Services Procurement Section has reviewed and evaluated Statements of Qualifications, Technical Approach, and Past Performance for the above referenced project.

Attached for your review is one (1) set of the following:

- Advertisement and all Addendums
- Consultants' Submission Prescreening Checklist Phase I
- GDOT Guide for Selection Committee Members (Phase I and II)
- Preliminary Ratings and Comments from Evaluators
- Selection Committee Ratings for Top Respondents Phase I
- Selection Committee Comments for Top Respondents Phase I
- Selection of Finalists Notification and Notice to Selected Finalists
- Consultants' Submission Prescreening Checklist Phase II
- Area Class Checklist
- Selection Committee Overall Ratings for Phase I and Phase II
- Selection Committee Comments for Finalists Phase II.
- Past Performance Reference Checks and any available additional documentation
- Verification of Non-Debarment from SAM Website for Intended Awardee and Team
- Prequalification Certificate for Intended Awardee

The six (6) highest firms in order of ranking are as follows:

- 1. Parsons Transportation Group, Inc.
- 2. American Consulting Professionals, LLC
- 3. Vanasse Hangen Brustlin, Inc.
- 3. Michael Baker International, Inc.
- 3. Mead and Hunt, Inc.
- 6. Pond & Company

The Selection Committee recommends the selection of the top ranked firm, Parsons Transportation Group, Inc.

Concurrence with Award from Responsible Division Director:

Georgia Department of Transportation

Request for Qualifications

To Provide

Batch #1 – 2019 Engineering Design Services

RFQ-484-052819

Qualifications Due: May 28, 2019

Georgia Department of Transportation
One Georgia Center
600 West Peachtree Street, NW
Atlanta, Georgia 30308

REQUEST FOR QUALIFICATIONS

484-052819

Batch #1 - 2019 Engineering Design Services

I. General Project Information

A. Overview

The Georgia Department of Transportation (GDOT) is soliciting Statement of Qualifications (SOQs) from qualified firm(s) to provide Engineering Design Consultant Services for the projects listed below (note that certain projects may be grouped with other projects and awarded as one (1) contract):

Contract	County	PI#	Project Description
1	Glynn	0014914	CR 583/SEA ISLAND ROAD @ DUNBAR CREEK ON ST SIMONS ISLAND
2	Butts	0016126	SR 36 @ BIG SANDY CREEK 3.8 MI SW OF JACKSON (Bridge Design in-house)
	Butts	0016127	SR 36 @ NORRIS CREEK 3.2 MI SW OF JACKSON
3	McDuffie & Wilkes	0016128	SR 80 @ LITTLE RIVER 12.9 MI NW OF THOMSON
4	Monroe	0016129	SR 18 @ NS #718484D 13 M! E OF FORSYTH
_	Jones & Monroe	0016130	SR 18 @ OCMULGEE RIVER 13 MI E OF FORSYTH
5	Monroe	0013120	SR 74 @ SR 42
6	Chatham	0015151	SR 204 FROM SR 21 TO CS 1201/RIO ROAD @ 25 LOCS
7	Baldwin	0015667	SR 22 @ SR 24
8	Butts	0015688	SR 16 @ CR 291/ENGLAND CHAPEL ROAD
9	Muscogee	0015690	SR 22/US 80 @ SR 22 SPUR

This Request for Qualifications (RFQ) seeks to identify potential providers for the Scope of Services for the project/contract listed in Exhibit I-1 thru Exhibit I-9. Firms that respond to this RFQ, and are determined by GDOT to be sufficiently qualified, may be deemed eligible, and invited to offer a technical approach and/or possibly present and/or interview for these services. All respondents to this RFQ are subject to instructions communicated in this document, and are cautioned to completely review the entire RFQ and follow instructions carefully. GDOT reserves the right to reject any or all Statements of Qualifications or Technical Approach, and to waive technicalities and informalities at the discretion of GDOT.

B. IMPORTANT- A RESTRICTION OF COMMUNICATION IS IN EFFECT FOR THIS PROJECT.

From the advertisement date of this solicitation until successful respondents are selected and the award is made official and announced, firms are not allowed to communicate about this solicitation or scope with any staff of GDOT including the Commissioner and GDOT Board Members, except for the submission of questions as instructed in the RFQ, or with the contact designated in **RFQ Section VIII.C.**, or as provided by any existing work agreement(s). For violation of this provision, GDOT reserves the right to reject the submittal of the offending respondent.

C. The Georgia Department of Transportation Board has adopted a 16% overall annual goal for DBE participation on all federally funded projects. This goal is not to be considered as a fixed quota, set aside or preference. The DBE goal can be met by prime contracting, sub-contracting, joint-venture or mentor/protégé relationship.

Georgia Department of Transportation will monitor and assess each consultant services submittals for their DBE participation and/or good faith effort in promoting equity and opportunity in accordance with the state of Georgia, Department of Transportation Disadvantage Business Program Plan.

For more information on the GDOT DBE Program please contact:

Georgia Department of Transportation Equal Opportunity Division One Georgia Center, 7th Floor 600 West Peachtree Street, NW Atlanta, Georgia 30308 Phone: (404) 631-1972

D. Scope of Services

Under the terms of the resulting Agreements, the selected consultants will provide full engineering design services as well as associated engineering related services, for the GDOT Project identified. The anticipated scope of work for the project/contract is included in **Exhibit I-1 thru Exhibit I-9**.

In addition, GDOT desires that the Consultant have the ability to provide, either with its own forces or through a sub-consultant team member, comprehensive services necessary to fulfill all preliminary engineering services which may arise during the project cycle.

E. Contract Term and Type

GDOT anticipates one (1) Multi-Phase, Project Specific contract to be awarded to one (1) firm, for the project/contract identified. GDOT anticipates that the Contract Type will be paid via Firm Fixed Price and/or Cost Plus Fixed Fee methodology. As a Project Specific contract, it is the Department's intention that the Agreements will remain in effect until successful completion of the preliminary engineering phase of the projects, and may choose to utilize the selected consultant for use on construction revisions as necessary.

F. Contract Amount

The Multi-Phase, Project Specific contract amount will be determined via negotiations with the Department. If the Department is unable to reach a satisfactory agreement and at reasonable rates to be paid for the services to be provided, the Department reserves the right to terminate negotiations with the highest scoring finalist and begin negotiations with the next highest scoring finalist.

II. Selection Method

A. Method of Communication

All general communication of relevant information regarding this solicitation will be made via the Georgia Procurement Registry (GPR) under RFQ-484-052819. All firms are responsible for checking the GPR on a regular basis for updates, clarifications, and announcements. GDOT reserves the right to communicate via electronic-mail with the primary contact listed in the Statements of Qualifications. Other specific communications will be made as indicated in the remainder of this RFQ.

B. Phase I - Selection of Finalists

Based on the Statements of Qualifications submitted in response to the projects/contracts listed in this RFQ, the Selection Committee will review the **Experience and Qualifications** and **Resources and Workload Capacity** listed in **Section IV. Selection Criteria for Phase I**. The Selection Committee will discuss the top submittals and the final rankings of the top submittals will be determined. From the final rankings of the top submittals, the Selection Committee will identify three (3) to five (5) firms which will be shortlisted.

All firms must meet the minimum requirements as listed in Section IV.A. below.

C. Finalist Notification for Phase II

Firms selected and shortlisted as finalists will receive notification and final instructions from GDOT regarding the **Phase II – Technical Approach** response.

D. Phase II - Finalists Response on Technical Approach and Past Performance

GDOT will request a **Technical Approach** of the three (3) to five (5) finalist firms for the project/contract. GDOT reserves the right to request a presentation/interview on any project/contract as determined in its best interests; however, this additional requirement shall typically be reserved for the most complex projects. Each finalist firm shall be notified in writing and informed of the Technical Apprach due date. Any additional detailed Technical Approach instructions and requirements, beyond that provided in **Section V. Selection Criteria for Phase II**, for the finalists will be provided in the Finalist Notification. All members of the Selection Committee will review the Technical Approach (and will attend the presentation/interview if so chosen). Firms shall not address any questions, prior to the award announcement, to anyone other than the designated contact.

E. Final Selection

Final selection will be determined by carrying the scores from **Phase I** forward for each Finalist and by evaluating the **Technical Approach** and **Past Performance** criteria for **Phase II**. The Selection Committee will discuss the Finalist's Phase II Responses and the final rankings will be determined.

Negotiations will then be initiated with the top-ranked firm(s) to finalize the terms and conditions of the contract(s), including the fees to be paid. In the event a satisfactory agreement cannot be reached with the highest-ranking firm(s), GDOT will formally terminate the negotiations and possibly enter into negotiations with the second highest-ranking firm, and so on in turn until a mutual agreement is established and GDOT awards a contract. The final form of the contract shall be developed by GDOT.

III. Schedule of Events

The following Schedule of Events represents GDOT's best estimate of the Schedule that will be followed. All times indicated are prevailing times in Atlanta, Georgia. GDOT reserves the right to adjust the Schedule as GDOT deems necessary.

PHASE I	DATE	TIME
a. GDOT issues public advertisement of RFQ-484-052819	4/26/2019	
b. Deadline for submission of written questions and requests for clarification	5/13/2019	2:00 PM
c. Deadline for submission of Statements of Qualifications	5/28/2019	2:00 PM
 d. GDOT completes evaluation and issues notification and other information to finalist firms 	TBD	
PHASE II		
e. Deadline for submission of written questions from finalists	TBD	2:00 PM
f. Phase II Response of Finalist firms due	TBD	ТВА

IV. Selection Criteria for Phase | - Criteria for Evaluation of Statements of Qualifications

A. Area Class Requirements and Certification

Presented teams must be prequalified in the indicated Area Class(es) in order to be evaluated. Required proof of prequalification shall be submitted as indicated in **Section VI.B.4**. below. All Submittals will be pre-screened to verify that the Prime consultant has the required Area Class(es) and that the overall team has the required Area Class(es). Any submittal in which the Prime consultant or the overall team area class requirements are not met will be disqualified from further consideration.

Each submittal will require a certification to allow the Department to analyze risks in determining if any Firm should be ineligible for award. The certification shall cover a wide variety of information. Any firm which responds in any potentially concerning manner must provide additional information as directed herein for consideration by GDOT to determine if Firm is eligible for award.

B. Project Manager, Key Team Leader(s) and Prime's Experience and Qualifications - 30%

The Selection Committee will evaluate all firms on their Experience and Qualifications, which shall account for a total of thirty (30%) percent of the total evaluation. The following criteria for scoring Phase I of the evaluation will be utilized to determine which firms are shortlisted:

- 1. Project Manager education, registration, relevant engineering experience, relevant project management experience, experience in utilizing GDOT specific processes, manuals, or guidance.
- 2. Key Team Leaders' education, registration, relevant technical experience, and relevant experience in utilizing GDOT specific processes, manuals, or guidance.
- 3. Prime Consultant's experience in delivering projects of similar complexity, size, scope, and function.

C. Project Manager, Key Team Leader(s) and Prime's Resources and Workload Capacity - 20%

The Selection Committee will evaluate all firms on their Resources availability and Workload Capacity which shall account for a total of twenty (20%) percent of the total evaluation. The following criteria for scoring the Resources and Workload Capacity will be utilized to determine which firms are shortlisted:

- 1. Project Manager Workload
- 2. Workload capacity of Key Team Leader(s)
- 3. Resources dedicated to delivering project
- 4. Ability to Meet Project Schedule

V. Selection Criteria for Phase II - Criteria for Evaluation of Technical Approach and Past Performance

A. Technical Approach – 40%

The Selection Committee will evaluate the shortlisted firms (Finalists) on their Technical Approach, which shall account for a total of forty (40%) percent. The Selection Committee shall utilize the following additional criteria for scoring Phase II of the evaluation to determine the highest ranked/most qualified (NOTE: Scores from Phase I will be carried forward and combined with the scores from the Phase II to determine the final ranking of Finalists):

- 1. Provide any unique technical approaches your firm offers relative to addressing anticipated design concepts, use of any alternative methods for delivery (if applicable), and/or management of the project.
- 2. Identify any unique challenges of the project and how your firm intends to mitigate these challenges, including quality control, quality assurance procedures. Provide any specific qualifications, skills, knowledge of the project and project area which may uniquely benefit the firm and project, and your ability and willingness to meet time requirements.

B. Past Performance - 10%

The Selection Committee may consider information provided via references provided for relevant projects, knowledge any selection committee member has of performance on relevant projects, and performance evaluations or knowledge presented on GDOT projects. The Selection Committee will consider all factors in their totality and score from 0 to 10 when arriving at a final score for the Past Performance.

VI. instructions for Content and Preparation of Statements of Qualifications - Phase I Response

The Statements of Qualifications submittal must be submitted in accordance with the instructions provided in Section VIII, and must be <u>organized</u>, <u>categorized using the same headings (in red)</u>, <u>and numbered and lettered</u> exactly as outlined below, and must be responsive to all requested information. For the sections in which page number limits are stated, each section with a stated limit must begin on a new page and end on the last page allowed for the section. It is not allowed to begin new sections on a page allowed for a previous section, if applicable. This will enable the Department to ensure compliance with the page limitations.

Cover page — Each project/contract submittal must have a separate cover page for each copy of each submittal for each project/contract and each must list the RFQ#, RFQ Title, proposing firm's full legal name and the specific project contract being submitted on to include the Project Numbers, PI Numbers, County(ies), and Description.

A. Administrative Requirements

It is required to submit the information below for each copy of each submittal. This is general information and will not be scored but may be used to determine eligibility for selection. Under Administrative Requirements section, only submit the information requested; additional information will be subject to disqualification of your firm.

- Basic company information:
 - a. Company name.
 - b. Company Headquarter Address.
 - c. Contact Information Name and all contact information (telephone number(s) and e-mail address) of primary proposing contact (this will be the individual with whom the Department will direct all communications).
 - d. Company website (if available).
 - e. Georgia Addresses Identify and provide addresses for the offices located in the State of Georgia.
 - f. Staff List the number and disciplines of staff members employed in each office in the State of Georgia.
 - g. Ownership Provide form of ownership, including state of residency or incorporation, and number of years in business. Is the Offeror a sole proprietorship, partnership, corporation, limited liability Corporation, or other structure?
- 2. Certification Form Complete the Certification Form (Exhibit "II" enclosed with RFQ), and provide a notarized original within the firm's Statement of Qualifications. This is to be submitted for the Prime ONLY.
- 3. Georgia Security and Immigration Compliance Act Affidavit Complete the form (Exhibit "III" enclosed with RFQ), and provide a notarized original within the firm's Statement of Qualifications. This is to be submitted for the Prime ONLY.
- Addenda Signed cover page of any Addenda issued for the Prime ONLY.

B. Experience and Qualifications

- 1. Project Manager Provide information pertaining to the project manager, including but not limited to:
 - a. Education.
 - b. Registration (if necessary and applicable.)
 - c. Relevant engineering experience.
 - d. Relevant project management experience for projects of similar complexity, size, scope, and function.
 - e. Relevant experience utilizing GDOT specific processes, manuals, or guidance (Plan Development Process, Design Policy, Environmental Procedures Manual, etc.).

This information is limited to two (2) pages maximum.

- 2. Key Team Leaders Provide experience of Key Team Leaders (defined as those individuals who oversee project areas determined as particularly important to each specific project, refer to the Project Description in Exhibit I, specifically Section 7 for the list of Key Team Leaders for each Project). For each Key Team Leader identified provide:
 - a. Education.
 - b. Registration (if necessary and applicable.)
 - c. Relevant experience in the applicable resource area of the most relevant projects.
 - d. Relevant experience utilizing GDOT specific processes, manuals, or guidance (PDP, Design Policy, Environmental Procedures Manual, etc.) which are specific to the key team leader's area.

This information is limited to one (1) page maximum for each Key Team Leader identified in Section 7 of each Exhibit I. Respondents submitting more than one (1) page for each Key Team Leader identified will be subject to disqualification. Respondents who provide more Key Team Leaders than what is outlined in the requirement will be subject to disqualification as this would provide an advantage over firms who complied with the requirement and had the required number of Key Team Leaders. Respondents who do not provide the required Key Team Leaders will be subject to disqualification as this does not meet the requirements of the project and therefore would deem the respondent and its team unqualified for the award.

- 3. Prime Experience Provide information on the prime's experience and ability in delivering effective services for projects of similar complexity, size, scope, and function, which demonstrate the firm's capabilities to provide services for GDOT. For each project, the following information should be provided:
 - a. Client name, project location and dates during which services were performed.
 - b. Description of overall project and services performed by your firm.
 - c. Duration of project services provided by your firm, and overall project budget.
 - d. Experience utilizing GDOT specific processes, manuals, or guidance (PDP, Design Policy, Environmental Procedures Manual, etc.)
 - e. Client(s) current contact information including contact names and telephone numbers.
 - f. Involvement of Key Team Leaders on the projects.

This information is limited to two (2) pages maximum.

4. Area Class Summary Form and Notice of Professional Consultant Qualifications - Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom GDOT will contract. The Team is defined as the Prime Consultant and their sub-consultants, who are considered team members. Prime Consultants and their sub-consultant team members must meet the Area Class requirements listed in Exhibit I for each project on which they apply. In regards to the required Area Classes, for each project/contract on which they apply, respondents should submit a summary form (example provided in Exhibit IV) which details the required area classes for the Prime Consultant and all sub-consultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes and firm's meeting the area classes listed on the summary form must meet all required area classes or the team will be disqualified. If a team member's prequalification will expire prior to the due date of the SOQs, documentation must be provided which shows that the firm has submitted its application for prequalification prior to the SOQ due date. The team must maintain its prequalification certification in order to be considered eligible for award if selected. Additionally, respondents should submit the Notice of Professional Consultant Qualifications (for the Prime Consultant and all sub-consultants for each project) issued by GDOT and attach after the Area Class summary form.

This information is limited to the one page for the Area Class table (unless the project needs require an extensive list of area classes) and the required Notice of Professional Consultant Qualifications.

C. Resources/Workload Capacity

- 1. Overall Resources Provide information regarding the overall resources dedicated to delivering the specific project, including:
 - a. Organizational chart which identifies the project manager, prime, Key Team Leaders, support personnel, and reporting structure. This chart may be submitted on a 11" x 17" page. (Excluded from the page count)
 - b. Primary Office Identify and discuss the primary office which will be responsible for handling the specific project and the number and types of staff within the office and how this office could benefit the project and promote efficiency. This information to be included on the one (1) page allowed combined with the Narrative on Additional Resource Areas and Ability.
 - c. Narrative on Additional Resource Areas and Ability Respondents are to provide information regarding additional resource areas identified as important to the project, to discuss how the key areas will integrate and work together on the project, to discuss any information which is pertinent to these areas, to provide a narrative regarding how the organization of the team, including the PM and Key Team Leaders can deliver the project on schedule given their workload capacity. (GDOT recognizes that some individuals may be able to meet the schedule while carrying heavier project loads.) Respondents may discuss the advantages of your team and the abilities of the team members which will enable the project to meet the proposed schedule as identified in Exhibit I (where applicable). If there is no proposed schedule, discuss the advantages of the team and the abilities of the team members which will enable the project to move as expeditiously as possible. Respondents submitting more than the one (1) page allowed (combined for C1.b. and C1.c.), will be subject to disqualification.
- 2. Project Manager Commitment Table Provide a list of ALL projects (GDOT, other governments and private contracts Information may be validated and any firm determined not to be listing all projects may be subject to disqualification) on which the proposed project manager is currently committed, to enable the Department to ascertain the project manager's availability. Utilize a table similar to the following format with a minimum of all criteria indicated to provide the requested information:

Project Manager	PI/Project # for GDOT Projects/Name of Customer for Non-GDOT Projects	Role of PM on Project	Project Description	Current Phase of Project	Current Status of Project	Monthly Time Commitment in Hours
						_

3. Key Team Leader Project Commitment Table - Provide a table similar to the below, with a minimum of all criteria indicated, which identifies ALL projects the Key Team Leaders (refer to the Project Description in Exhibit I, specifically Section 7 for the list of Key Team Leaders for each Project) are committed on to enable the Department to ascertain the available capacity.

Key Team Leader	PI/Project # for GDOT Projects/Name of Customer for Non-GDOT Projects	Role of Key Team Leader on Project	Project Description	Current Phase of Project	Current Status of Project	Monthly Time Commitment in Hours
		_				

This information is limited to the organization chart (excluded from page count), one (1) page combined of text (for both the Primary Office and Narrative on Resource Areas and Ability), and the tables.

VII. Instructions for Preparing Technical Approach and Past Performance Response - Phase li Response

The following information will only be requested of the shortlisted firms. The Selection Committee will evaluate the shortlisted firms using the information provided as requested below (NOTE: Scores from Phase I will be carried forward to Phase II):

The Phase II response must be submitted in accordance with the instructions provided in Section IX, and must be <u>organized</u>, <u>categorized using the same headings (in red)</u>, <u>and numbered and lettered</u> exactly as outlined below, and must be responsive to all requested information. For the sections in which page number limits are stated, each section with a stated limit must begin on a new page and end on the last page allowed for the section. It is not allowed to begin new sections on a page allowed for a previous section, if applicable. This will enable the Department to ensure compliance with the page limitations.

Phase II Cover page — Each submittal must have a separate cover page for each copy of each Phase II submittal and each must indicate the response is for Phase II, list the RFQ#, RFQ Title, proposing firm's full legal name and the specific project contract being submitted on to include the Project Numbers, PI Numbers, County(ies), and Description.

A. Technical Approach

- 1. Provide any unique technical approaches your firm offers relative to addressing anticipated design concepts, use of any alternative methods for delivery (if applicable), and/or management of the project.
- Identify any unique challenges of the project and how your firm intends to mitigate these challenges, including
 quality control, quality assurance procedures. Provide any specific qualifications, skills, knowledge of the
 project and project area which may uniquely benefit the firm and project, and your ability and willingness to
 meet time requirements.

This information will be limited to a maximum of three (3) pages.

B. <u>Past Performance</u>

No additional information should be submitted to fulfill this requirement. Information from the relevant projects listed as well as information on file with the Department will be used to fulfill this requirement.

Past performance may be evaluated through the checking of project references for the proposed project manager as well as the firm. The Department will check these references at random. For this reason, attention should be paid to the references provided to ensure that the contact information provided is accurate and the individual references are reachable. Other past performance information which may be utilized includes GDOT consultant performance ratings as well as knowledge that any member of the Selection Committee has pertaining to the past performance of the firm on any project.

VIII. Instructions for Submittal for Phase I - Statements of Qualifications

- A. There is one (1) electronic version submittal required. The Submittal must follow the format and meet the content requirements identified in Section VI, entitled <u>instructions for Content and Preparation of Statements of Qualifications Phase I Response.</u> See Attachment 1 for a summary of how the submittals should be prepared.
- B. Submittals must be typed on standard (8½" x 11") paper. The pages should be numbered, however, submittal pages will be counted by section to determine compliance with page limits. Responses are limited to the page counts indicated in each section using a minimum of size 11 font. Page counts will be determined by pages with print on them, not by the physical piece of paper. Each Statement of Qualifications shall be prepared simply and economically as indicated above. Colored displays, and promotional materials are not desired. Emphasis must be on completeness, relevance, and clarity of content.

NOTE: Additional pages other than what has been specified above in each section should not be included and will be grounds for disqualification. Submittals are limited to the information requested in Section VI. Instructions for Content and Preparation of Statements of Qualifications - Phase I Response only. Hyperlinks or embedded video are not allowed.

Statements of Qualifications submittals must be a PDF document for each project/contract. Each PDF document must follow the naming convention for electronic records as follows: the proposing firm's full legal name, RFQ#, RFQ Title and the specific project contract number being submitted on. To submit your Statement of Qualification click the following Links:

```
Contract 1: mailto:tsp sog tech submittal@dot.ga.gov?subject=RFQ%20484-052819%20Contract%201%20
Contract 2: mailto:tsp sog tech submittal@dot.ga.gov?subject=RFQ%20484-052819%20Contract%202%20
Contract 3: mailto:tsp sog tech submittal@dot.ga.gov?subject=RFQ%20484-052819%20Contract%203%20
Contract 4: mailto:tsp sog tech submittal@dot.ga.gov?subject=RFQ%20484-052819%20Contract%204%20
Contract 5: mailto:tsp sog tech submittal@dot.ga.gov?subject=RFQ%20484-052819%20Contract%205%20

Contract 9: mailto:tsp sog tech submittal@dot.ga.gov?subject=RFQ%20484-052819%20Contract%208%20
Contract 9: mailto:tsp sog tec
```

If a firm is responding to multiple projects/contracts, each submittal must be e-mail separately using the naming convention for electronic records, and **submission link provided**. Upon successful receipt of the electronic submittal, the system will send a receipt confirmation e-mail to the sender. If you do not receive an email receipt confirmation for your submittal within one hour of your submittal, please contact Folayan Battle at fbattle@dot.ga.gov.

Statements of Qualifications must be received by GDOT prior to the deadline indicated in the Schedule of Events (Section III of RFQ).

No submittals will be accepted after the time and date set for receipt.

All expenses for preparing and submitting responses are the sole cost of the party submitting the response. GDOT is not obligated to any party to reimburse such expenses. All submittals upon receipt become the property of GDOT. Labeling information provided in submittals "proprietary" or "confidential", or any other designation of restricted use will not protect the information from public view. Subject to the provisions of the Open Records Act, the details of the proposal documents will remain confidential until final award.

GDOT reserves the right, in its sole discretion, to waive any technicalities associated with this submittal if deemed in the best interest of the State.

C. Questions and Requests for Clarification

Questions about any aspect of the RFQ, or the project, shall be submitted in writing via e-mail to: Folayan Battle, e-mail: fbattle@dot.ga.gov. The deadlines for submission of questions relating to the RFQ are the times and dates shown in the (Schedule of Events- Section III). From the issue date of this solicitation until a successful proposer is selected and the award is made official and announced, respondents are subject to the Restriction of Communication in Section I.B.

IX. Instructions for Submittal for Phase II - Technical Approach and Past Performance Response

THESE INSTRUCTIONS ARE INTENDED SOLELY FOR THOSE FIRMS IDENTIFIED AND NOTIFIED AS FINALISTS. Final instructions will be provided to the Finalists in the notification.

Please note that each project/contract will follow an individual schedule which meets the availability of each Selection Committee. For this reason, the Notice to Selected Finalists and resulting Phase II responses may be on different schedules for each project/contract.

- A. There is one (1) electronic version submittal required. The Submittal must follow the format and meet the content requirements identified in Section VII, entitled Response Phase II Response. See Attachment 1 for a summary of how the submittals should be prepared.
- B. Submittals must be typed on standard (8½" x 11") paper. The pages should be numbered, however, submittal pages will be counted by section to determine compliance with page limits. Responses are limited to the page counts indicated in each section using a minimum of size 11 font. Page counts will be determined by pages with print on them, not by the physical piece of paper. Each Statement of Qualifications shall be prepared simply and economically as indicated above. Colored displays, and promotional materials are not desired. Emphasis must be on completeness, relevance, and ciarity of content.

NOTE: Additional pages other than what has been specified above in each section should not be included and will be grounds for disqualification. Submittals are limited to the information requested in Section VII. Instructions for Preparing Technical Approach and Past Performance Response-Phase II Response only. Hyperlinks or embedded video are not allowed.

C. Technical Approach submittal must be a PDF document for each project/contract. Each PDF document must follow the naming convention for electronic records as follows: the proposing firm's full legal name, RFQ#, RFQ Title and the specific project contract being submitted on. To submit your Technical Approach click the following Links:

```

If a firm is responding to multiple projects/contracts, each submittal must be e-mail separately using the naming convention for electronic records, and **submission link provided**. Upon successful receipt of the electronic submittal, the system will send a receipt confirmation e-mail to the sender. If you do not receive an email receipt confirmation for your submittal within one hour of your submittal, please contact Folayan Battle at fbattle@dot.ga.gov.

Technical Approach must be received by GDOT prior to the deadline indicated in Notice to Selected Finalists.

No submittals will be accepted after the time and date set for receipt.

All expenses for preparing and submitting responses are the sole cost of the party submitting the response. GDOT is not obligated to any party to reimburse such expenses. All submittals upon receipt become the property of GDOT. Labeling information provided in submittals "proprietary" or "confidential", or any other designation of restricted use will not protect the information from public view. Subject to the provisions of the Open Records Act, the details of the proposal documents will remain confidential until final award.

GDOT reserves the right, in its sole discretion, to waive any technicalities associated with this submittal if deemed in the best interest of the State.

No submittals will be accepted after the time and date set for receipt.

Responses submitted via facsimile or e-mail will be rejected. All expenses for preparing and submitting responses are the sole cost of the party submitting the response. GDOT is not obligated to any party to reimburse such expenses. All submittals upon receipt become the property of GDOT. Labeling information provided in submittals "proprietary" or "confidential", or any other designation of restricted use will not protect the information from public view. Subject to the provisions of the Open Records Act, the details of the proposal documents will remain confidential until final award.

GDOT reserves the right, in its sole discretion, to waive any technicalities associated with this submittal if deemed in the best interest of the State.

D. Questions and Requests for Clarification

Questions about any aspect of the Phase II Response for Finalists, shall be submitted in writing via e-mail to: Folayan Battle, e-mail: fbattle@dot.ga.gov or as directed in the Notice to Selected Finalists, if different. The deadlines for submission of questions relating to the Phase II Response will be identified in the Notice to Selected Finalists. From the issue date of this solicitation until a successful proposer is selected and the award is made official and announced, respondents are subject to the Restriction of Communication in Section I.B.

X. GDOT Terms and Conditions

A. Statement of Agreement

With the submission of a SOQ, the respondent agrees that he/she has carefully examined the Request for Qualifications, and agrees that it is the respondent's responsibility to request clarification on any issues in any section of the Request for Qualifications with which the respondent disagrees or needs clarified. The respondent also understands that failure to mention these items during the question period or in the SOQ will be interpreted to mean that the respondent is in full agreement with the terms, conditions, specifications and requirements in the therein. With submission of a SOQ, the respondent hereby certifies: (a) that this SOQ is genuine and is not made in the interest or on behalf of any undisclosed person, firm, or corporation; (b) that respondent has not directly or indirectly included or solicited any other respondent to put in a false or insincere SOQ; (c) that respondent has not solicited or induced any person, firm, or corporation to refrain from sending a SOQ.

The respondent also understands that failure to provide required information may result in disqualification. Failure to provide administrative information may not result in disqualification. At the Department's discretion, the Department may notify the respondent that administrative information is not provided or there was an error in the information provided, and the Department will allow a respondent to provide an update to the administrative However, the exception to this is the provision of the required GEORGIA SECURITY AND information. IMMIGRATION COMPLIANCE ACT AFFIDAVIT, which by Georgia Law requires disqualification of the response. The above changes mentioned to administrative information would be considered allowable as these would be limited to changes which do not affect the information which the evaluators use to score the respondents. Failure of a respondent to provide the specific administrative information as required in the notice will result in disqualification. Any respondent who provides changes in addition to the information requested in the notice shall be subject to disqualification. Failure of a respondent's SOQ to provide any information pertaining to a respondent and its teams qualifications, of any type, will subject the SOQ to disqualification. The Department will not allow updates to qualifications to be provided to avoid disqualification as this would allow a respondent to modify its SOQ and alter the information which evaluators would score. The above changes related to qualifications would not be allowable as these would allow changes which do affect the information which the evaluators use to score the respondents SOQ.

B. Joint-Venture Proposals, Sub-Consultants, and Vendors

GDOT does not generally desire to enter into "joint-venture" agreements with multiple firms. In the event two or more firms desire to "joint-venture", it is strongly recommended that one incorporated firm propose and maintain status as the Program Management firm with the remaining firms participating as major firms. Any joint-venture, proposed and established as a separate business entity, should have its own set of books and supporting documentation sufficient for an audit trail. Transactions should be recorded consistent with the joint-venture agreement, and care must be taken to ensure that the joint-venture bears its equitable share of the costs. Therefore, "unpopulated joint-ventures" would not have an adequate accounting system suitable for cost reimbursement contracts.

However more traditional "populated joint-ventures" are welcomed. A populated joint-venture is where an alliance is brought to life by infusing it with working capital, employees, and control systems. The alliance implements all necessary business systems, including payroll processing, purchasing, property control, etc. The alliance will develop its own indirect rate structure and calculates its own indirect cost rates, based on the direct and indirect costs it incurs.

Sub-Consultants shall generally be considered any team member which is performing any service which typically requires prequalification, which is subject to the Audit and Accounting System Requirements, and whose services are billed as costs. Sub-Consultant Team Members must be written into the resulting Agreement and are subject to all terms and conditions in the Agreement. Vendors shall be considered any team member which is performing any service which typically does not require prequalification, which is not subject to the Audit and Accounting System Requirements, and whose services are billed as direct expenses. Vendors may not be written into the resulting Agreement and may not be subject to all terms and conditions in the Agreement.

C. Non-Discrimination and DBE Requirements

The Georgia Department of Transportation in accordance with Title VI of the Civil Rights Act of 1964 and 78 Stat. 252, 42 USC 2000d—42 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, part 21, Nondiscrimination in federally assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all proposers that it will affirmatively ensure that any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, sex, or national origin in consideration for an award.

The Georgia Department of Transportation Board has adopted a 16% overall annual goal for DBE participation on all federally funded projects. This goal is not to be considered as a fixed quota, set aside or preference. The DBE goal can be met by prime contracting, sub-contracting, joint-venture or mentor/protégé relationship.

Georgia Department of Transportation will monitor and assess each consultant services submittals for their DBE participation and/or good faith effort in promoting equity and opportunity in accordance with the state of Georgia, Department of Transportation Disadvantage Business Program Plan.

For more information on the GDOT DBE Program please contact:

Georgia Department of Transportation Equal Opportunity Division One Georgia Center, 7th Floor 600 West Peachtree Street, NW Atlanta, Georgia 30308 Phone: (404) 631-1972

D. Audit and Accounting System Requirements

GDOT reserves the right to reject any proposal with firms that do not meet the following requirements:

- 1. Firm(s) should have an accounting system in place to meet requirements of 48 CFR Part 31 and, in the case of non-profit organizations, OMB Circular A-122.
- 2. Any firm that currently has an aggregate contract amount exceeding \$250,000 should have submitted their yearly CPA overhead audit.
- 3. Firm(s) should have no significant outstanding deficient audit findings from previous contracts with GDOT that have not been resolved.
- 4. The prime is responsible for being reasonably assured that all sub-consultant(s) presented as a part of the proposed team are similarly in compliance with the above requirements.

E. Submittal Costs and Confidentiality

All expenses for preparing and submitting responses are the sole cost of the respondent submitting the response. The Department is not obligated to any respondent to reimburse such expenses. All submittals upon receipt become the property of the Department. Labeling information provided in submittals as "proprietary" or "confidential", or any other designation of restricted use will not protect the information from public view. Subject to the provisions of the Open Records Act, the details of the proposal documents will remain confidential until a final award.

F. Award Conditions

This request is not an offer to contract or a solicitation of bids. This request and any proposal submitted in response, regardless of whether the proposal is determined to be the best proposal, is not binding upon the Department and does not obligate the Department to procure or contract for any services. Neither the Department nor any respondent submitting a response will be bound unless and until a written contract mutually accepted by both parties is negotiated as to its terms and conditions and is signed by the Department and a respondent containing such terms and conditions as are negotiated between those parties. The Department reserves the right to waive non-compliance with any requirements of this Request for Qualifications and to reject any or all proposals submitted in responses. Upon review of responses, the Department will determine the respondent(s) proposal that in the sole judgment of the Department is in the best interest of the Department (if any is so determined), with respect to the evaluation criteria stated herein. The Department then intends to conduct negotiations with such respondent(s) to determine if an acceptable contract may be reached.

G. Debriefings

In lieu of Pre-Award and Post-Award debriefings, it shall be the Department's policy to provide the "Selection Package" at the time of the Selection Announcement (also referred to as the Announcement of Entering into Negotiations). The "Selection Package" will include the scores and comments of phases for all firms who responded and will typically be provided as a PDF file and e-mailed. Previously, pre-award debriefings only provided the scores and comments of the firm. It shall be the policy of the Department that all debriefings will typically be conducted in writing.

H. Right to Cancel or Change RFQ

GDOT reserves the right to cancel any and all Request for Qualifications where it is determined to be in the best interest of the Department to do so. GDOT reserves the right to increase, reduce, add or delete any item in this solicitation as deemed necessary.

It is the responsibility of all firms interested in submitting Statement of Qualifications (SOQs) for this advertisement to routinely check the posting on the Georgia Procurement Registry for any revisions to this RFQ.

I. Substitutions, Alternates, Exceptions, and Extensions

No substitutions or alternates will be accepted for this solicitation. Any respondent submitting substitutions or alternates will be considered non-responsive and will not be considered for award.

J. GDOT Code of Conduct Pertaining to Conflict of Interest in the Award and Administration of Contracts

Pursuant to GDOT Policy 3A-17, any GDOT employee who leaves the employment of the Department and subsequently becomes employed with a consultant firm and whose duties while employed with the Department included the direct involvement with the negotiation, administration, or management of a contract in which the firm is either the primary consultant or a sub-consultant **SHALL NOT** be authorized to work on that contract as an employee of that firm for a period of one (1) year after their employment ends.

Additionally, on July 1st of each year, any consultant firm that is under contract with the Department as a prime or sub consultant shall provide to the Department's Chief Procurement Officer (CPO) a current list of all former Department employees employed by the firm and a document that certifies the responsibilities of those employees as it relates to the current contracts with the Department. This certification document shall attest to the fact that over the last year no former Department employee that is employed by their firm has worked on a contract between the Department and their firm where that employee, when employed by the Department, had direct involvement with the selection, award and/or administration of the consultant contract. Any consultant firm entering into a contract with the Department for the first time as a prime or sub consultant shall provide the initial required list of former Department employees and certification prior to the contract effective date. If the Department's CPO determines at any point during a contract that an actual conflict exists as it relates to the above paragraph, then the CPO shall have the authority to issue a stop work order on that contract.

EXHIBIT I-1

Contract 1

Project Numbers: NA
 PI Number: 0014914

3. County: Glynn

4. Description: CR 583/SEA ISLAND ROAD @ DUNBAR CREEK ON ST SIMONS ISLAND

5. Required Area Classes:

Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom GDOT will contract. The Team is defined as the Prime Consultant and their subconsultants, who are considered team members. The Prime Consultant must be prequalified in the Area Classes identified below in Section 5.A. The Prime Consultant or subconsultant team members must be prequalified in the Area Classes identified below in Section 5.B. Respondents should submit a summary form (example provided in **Exhibit IV**) which details the required area classes for the Prime Consultant and all subconsultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes listed on the summary form must meet all required area classes or the team will be disqualified. The Prequalification Expiration Date must be current by the deadline stated for this RFQ.

A. The Prime Consultant MUST be prequalified by GDOT in the area classes listed below:

Number	Area Class
3.01	Rural Roadway Design

B. The **Team** (either the Prime Consultant and/or one or more of their subconsultant team members) <u>MUST</u> be prequalified by GDOT in the area classes listed below:

Number	Area Class
1.06(a)	NEPA
1.06(b)	History
1.06(c)	Air Quality
1.06(d)	Noise
1.06(e)	Ecology
1.06(f)	Archaeology
1.06(g)	Freshwater Aquatic Surveys
1.07	Attitude, Opinion, and Community Value Studies (Public Involvement)
1.10	Traffic Analysis
3.12	Hydraulic and Hydrological Studies (Roadway)
4.01a	Minor Bridge Design
	(OR)
4.01b	Minor Bridge Design
4.04	Hydraulic and Hydrological Studies (Bridges)
5.01	Land Survey
5.02	Engineering Surveying
5.08	Overhead/Subsurface Utility Engineering (SUE)
6.01(a)	Soil Survey Studies
6.01(b)	Geological and Geophysical Studies
6.02	Bridge Foundation Studies
6.05	Hazardous Waste Site Assessment Studies
9.01	Erosion, Sedimentation, and Pollution Control Plan

6. Scope:

The Consultant shall provide concept development, field surveys and database enhancements, development of the environmental document including all required special studies, preliminary construction plans, hydraulic and hydrological studies, preliminary bridge plans, signing and marking plans, final right-of-way (ROW) plans (including revisions), erosion control plans, staging plans and final construction plans (including revisions through project final acceptance). All required engineering studies are considered part of the scope of services. All deliverables shall be in accordance with the Plan Development Process, Electronic Data Guidelines, Plan Presentation Guide, NEPA and the GDOT Environmental Procedures Manual.

The Consultant shall provide:

A. Complete Field Surveys:

- 1. Provide Survey Control Package.
- 2. Provide Inroads Survey Database.
- 3. Staking for Bridge Site Inspection.
- 4. Staking for ROW acquisition.

B. Concept Report:

- 1. Traffic Studies.
- 2. Cost Estimates.
- 3. Initial Concept Meeting Preparation and Attendance.
- 4. Practical Alternatives Review (PAR) Activities.
- 5. Concept Meeting Preparation and Attendance.
- 6. Approved Concept Report.
- 7. Concept Design Data Book.
- Public Involvement Plan (for GDOT's approval).

C. Environmental Document:

- 1. Necessary Environmental Special Studies surveys reports and assessment of effects (i.e., Air, Noise, History, Ecology, and Archaeology).
- 2. NEPA documents:
 - a. Categorical Exclusion.
 - b. Environmental Assessment/Finding of No Significant Impact (EA/FONSI).
 - c. Section 4f coordination.
 - d. One NEPA document reevaluation for Construction.
- 3. Preparation of a Section 404 Permit application.
- 4. Section 408 Coordination.
- 5. Aquatic Survey.
- 6. Stream Buffer Variance.
- 7. Preparation of a Vegetative Buffer application.
- 8. Public Involvement (1 possible detour/P!OH).
- 9. Prepare for and attend the Preliminary Field Plan Review (PFPR) and Final Field Plan Review (FFPR).

D. Preliminary Design:

- 1. Complete Preliminary Roadway Plans, including but not limited to:
 - a. Preliminary Bridge Plans.
 - b. Preliminary Signing and Marking Plans.
 - c. Preliminary ESPCP.
 - d. Preliminary Utility Plans.
 - e. Preliminary Staging Plans.
 - f. Drainage Design including MS4, if applicable.

- 2. Bridge Hydraulic Study.
- 3. BFI Report.
- 4. Pavement Evaluation/UST/Soil Survey.
- 5. Constructability Meeting participation.
- 6. Cost Estimation with annual updates.
- 7. Location and Design Report.
- 8. PFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).

E. Right-of-Way (ROW) Plans:

- 1. Prepare ROW plans and coordinate ROW staking.
- 2. Right of Way revisions during acquisition, as needed.

F. Utilities:

Subsurface Utility Engineering.

G. Final Design:

- 1. Complete Final Roadway Plans, including but not limited to:
 - a. Final Bridge Plans (LRFD).
 - b. Final Signing and Marking Plans.
 - c. Final ESPCP.
 - d. Final Utility Plans.
 - e. Final Staging Plans.
 - f. Final Drainage Design including MS4, if applicable.
- 2. FFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).
- 3. Corrected FFPR Plans.
- 4. CES Final cost estimate.
- 5. Final PS&E Package.
- 6. Amendments & Revisions.

H. Construction;

- 1. Use on Construction Revisions.
- 2. Review Shop Drawings.
- I. Quality Control/Quality Assurance Reviews for all deliverables.
- J. Attendance in and meeting minutes of monthly meetings to discuss progress and/or issues (additional meetings may be required to resolve major project issues).
- 7. Key Team Leaders:
 - A. Roadway Design.
 - B. Bridge Design.
 - C. NEPA Lead.
- 8. The following milestone dates are proposed:
 - A. Preliminary Engineering (PE) Notice to Proceed Q4 FY 2020.
 - B. Limited Concept report submittal Q1 FY 2021 (about 4 months duration).
 - C. PFPR Q2 FY 2022.
 - D. FFPR Q3 FY 2023.
 - E. Let Contract Q1 FY 2024.

EXHIBIT I-2

Contract 2

1. Project Numbers: NA

2. PI Numbers: 0016126 and 0016127

6.03	Hydraulic and Hydrologic Studies (Soils & Foundation)
6.05	Hazardous Waste Site Assessment Studies
9.01	Erosion, Sedimentation, and Pollution Control Plan

6. Scope:

The Consultant shall provide concept development, field surveys and database enhancements, development of the environmental document including all required special studies, preliminary construction plans, hydraulic and hydrological studies, preliminary bridge plans, signing and marking plans, final right-of-way (ROW) plans (including revisions), erosion control plans, staging plans and final construction plans (including revisions through project final acceptance). All required engineering studies are considered part of the scope of services. All deliverables shall be in accordance with the Plan Development Process, Electronic Data Guidelines, Plan Presentation Guide, NEPA and the GDOT Environmental Procedures Manual.

Bridge design and H&H activities will be performed by GDOT's Bridge Design Office for PI# 0016126 only. The Consultant will be responsible for the bridge design and H&H on PI# 0016127; the BFI for both bridges, and all non-bridge hydraulics for both projects.

The Consultant shall provide:

A. Complete Field Surveys:

- 1. Provide Survey Control Package.
- 2. Provide Inroads Survey Database.
- 3. Staking for Bridge Site Inspection.
- 4. Staking for ROW acquisition.

B. Concept Report:

- 1. Traffic Studies.
- 2. Cost Estimates.
- 3. Initial Concept Meeting Preparation and Attendance.
- 4. Concept Meeting Preparation and Attendance.
- 5. Approved Concept Report.
- 6. Concept Design Data Book.
- 7. Public Involvement Plan (for GDOT's approval).

C. Environmental Document:

- 1. Necessary Environmental Special Studies surveys reports and assessment of effects (i.e., Air, Noise, History, Ecology, and Archaeology).
- 2. NEPA documents:
 - Categorical Exclusion.
 - b. EA/FONSI.
 - c. Section 4f coordination.
 - d. One NEPA document reevaluation for Construction.
- 3. Preparation of a Section 404 Permit application.
- 4. Section 408 Coordination.
- 5. Aquatic Survey.
- 6. Stream Buffer Variance.
- 7. Preparation of a Vegetative Buffer application.
- 8. Public Involvement (1 possible detour/PiOH).
- 9. Prepare for and attend the PFPR and FFPR.

D. Preliminary Design:

- 1. Complete Preliminary Roadway Plans, including but not limited to:
 - a. Preliminary Bridge Plans.
 - b. Preliminary Signing and Marking Plans.
 - c. Preliminary ESPCP.
 - d. Preliminary Utility Plans.
 - e. Preliminary Staging Plans.

- f. Drainage Design including MS4, if applicable.
- 2. Bridge Hydraulic Study (for PI# 0016127 only).
- 3. BFI Report (both bridges).
- 4. Pavement Evaluation/UST/Soil Survey.
- 5. Constructability Meeting participation.
- 6. Cost Estimation with annual updates.
- 7. Location and Design Report.
- 8. PFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).

E. Right-of-Way (ROW) Plans:

- 1. Prepare ROW plans and coordinate ROW staking.
- 2. Right of Way revisions during acquisition, as needed.

F. Utilities:

Subsurface Utility Engineering.

G. Final Design:

- 1. Complete Final Roadway Plans, including but not limited to:
 - a. Final Bridge Plans (LRFD).
 - b. Final Signing and Marking Plans.
 - c. Final ESPCP.
 - d. Final Utility Plans.
 - e. Final Staging Plans.
 - f. Final Drainage Design including MS4.
- 2. FFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).
- 3. Corrected FFPR Plans.
- 4. CES Final cost estimate.
- 5. Final PS&E Package.

- 8. Public Involvement (1 possible detour/PIOH).
- 9. Prepare for and attend the PFPR and FFPR.

D. Preliminary Design:

- 1. Complete Preliminary Roadway Plans, including but not limited to:
 - a. Preliminary Bridge Plans.
 - b. Preliminary Signing and Marking Plans.
 - c. Preliminary ESPCP.
 - d. Preliminary Utility Plans.
 - e. Preliminary Staging Plans.
 - f. Drainage Design including MS4, if applicable.
- 2. Bridge Hydraulic Study.
- 3. BFI Report.

- 4. Pavement Evaluation/UST/Soil Survey.
- 5. Constructability Meeting participation.
- 6. Cost Estimation with annual updates.
- 7. Location and Design Report.
- 8. PFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).

E. Right-of-Way (ROW) Plans:

- 1. Prepare ROW plans and coordinate ROW staking.
- 2. Right of Way revisions during acquisition, as needed.

F. Utilities:

Subsurface Utility Engineering.

G. Final Design:

- 1. Complete Final Roadway Plans, including but not limited to:
 - a. Final Bridge Plans (LRFD).
 - b. Final Signing and Marking Plans.
 - c. Final ESPCP.
 - d. Final Utility Plans.
 - e. Final Staging Plans.
 - f. Final Drainage Design including MS4, if applicable.
- 2. FFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).
- 3. Corrected FFPR Plans.
- 4. CES Final cost estimate.
- 5. Final PS&E Package.
- 6. Amendments & Revisions.

H. Construction:

- 1. Use on Construction Revisions.
- 2. Review Shop Drawings.
- Quality Control/Quality Assurance Reviews for all deliverables.
- J. Attendance in and meeting minutes of monthly meetings to discuss progress and/or issues (additional meetings may be required to resolve major project issues).

7. Key Team Leaders:

- A. Roadway Design.
- B. Bridge Design.
- C. NEPA Lead.
- 8. The following milestone dates are proposed:
 - A. Preliminary Engineering (PE) Notice to Proceed Q2 FY 2020.
 - B. Limited Concept report submittal Q3 FY 2020 (about 4 months duration).
 - C. PFPR Q2 FY 2021.
 - D. FFPR Q1 FY 2023.
 - E. Let Contract Q2 FY 2023.

EXHIBIT I-4

Contract 4

1. Project Numbers: NA

2. Pl Numbers: 0016129 and 0016130

3. Counties: Monroe & Jones

 Description: SR 18 @ NS #718484D 13 MI E OF FORSYTH and SR 18 @ OCMULGEE RIVER 13 MI E OF FORSYTH

5. Required Area Classes:

Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom GDOT will contract. The Team is defined as the Prime Consultant and their subconsultants, who are considered team members. The Prime Consultant must be prequalified in the Area Classes identified below in Section 5.A. The Prime Consultant or subconsultant team members must be prequalified in the Area Classes identified below in Section 5.B. Respondents should submit a summary form (example provided in **Exhibit IV**) which details the required area classes for the Prime Consultant and all subconsultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes listed on the summary form must meet all required area classes or the team will be disqualified. The Prequalification Expiration Date must be current by the deadline stated for this RFQ.

A. The Prime Consultant MUST be prequalified by GDOT in the area classes listed below:

Number	Area Class
3.01	Rural Roadway Design

B. The **Team** (either the Prime Consultant and/or one or more of their subconsultant team members) <u>MUST</u> be prequalified by GDOT in the area classes listed below:

Number	Area Class
1.06(a)	NEPA
1.06(b)	History
1.06(c)	Air Quality
1.06(d)	Noise
1.06(e)	Ecology
1.06(f)	Archaeology
1.06(g)	Freshwater Aquatic Surveys
1.07	Attitude, Opinion, and Community Value Studies (Public Involvement)
1.10	Traffic Analysis
3.12	Hydraulic and Hydrological Studies (Roadway)
4.01a	Minor Bridge Design (OR)
	(OR)
4.01b	Minor Bridge Design
4.04	Hydraulic and Hydrological Studies (Bridges)
5.01	Land Survey
5.02	Engineering Surveying
5.08	Overhead/Subsurface Utility Engineering (SUE)
6.01(a)	Soil Survey Studies
6.01(b)	Geological and Geophysical Studies
6.02	Bridge Foundation Studies
6.05	Hazardous Waste Site Assessment Studies
9.01	Erosion, Sedimentation, and Pollution Control Plan

6. Scope:

The Consultant shall provide concept development, field surveys and database enhancements, development of the environmental document including all required special studies, preliminary construction plans, hydraulic and hydrological studies, preliminary bridge plans, signing and marking plans, final right-of-way plans (including revisions), erosion control plans, staging plans and final construction plans (including revisions through project final acceptance). All required engineering studies are considered part of the scope of services. All deliverables shall be in accordance with the Plan Development Process, Electronic Data Guidelines, Plan Presentation Guide, NEPA and the GDOT Environmental Procedures Manual.

The Consultant shall provide:

A. Complete Field Surveys:

- 1. Provide Survey Control Package.
- 2. Provide Inroads Survey Database.
- 3. Staking for Bridge Site Inspection.
- 4. Staking for ROW acquisition.

B. Concept Report:

- 1. Traffic Studies.
- 2. Cost Estimates.
- 3. Initial Concept Meeting Preparation and Attendance.
- 4. PAR Activities.
- 5. Concept Meeting Preparation and Attendance.
- 6. Approved Concept Report.
- 7. Concept Design Data Book.
- 8. Public Involvement Plan (for GDOT's approval).

C. Environmental Document:

- Necessary Environmental Special Studies surveys reports and assessment of effects (i.e., Air, Noise, History, Ecology, and Archaeology).
- 2. NEPA documents:
 - a. Categorical Exclusion.
 - b. EA/FONSI.
 - c. Section 4f coordination.
 - d. One NEPA document reevaluation for Construction.
- 3. Preparation of a Section 404 Permit application.
- 4. Section 408 Coordination.
- 5. Aquatic Survey.
- 6. Stream Buffer Variance.
- 7. Preparation of a Vegetative Buffer application.
- 8. Public Involvement (1 possible detour/PIOH).
- 9. Prepare for and attend the PFPR and FFPR.

D. Preliminary Design:

- 1. Complete Preliminary Roadway Plans, including but not limited to:
 - a. Preliminary Bridge Plans.
 - b. Preliminary Signing and Marking Plans.
 - c. Preliminary ESPCP.
 - d. Preliminary Utility Plans.
 - e. Preliminary Staging Plans.
 - f. Drainage Design including MS4, if applicable.
- 2. Bridge Hydraulic Study.

- 3. BFI Report.
- 4. Pavement Evaluation/UST/Soil Survey.
- 5. Constructability Meeting participation.
- 6. Cost Estimation with annual updates.
- 7. Location and Design Report.
- 8. PFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).

E. Right-of-Way (ROW) Plans:

- 1. Prepare ROW plans and coordinate ROW staking.
- 2. Right of Way revisions during acquisition, as needed.

F. Utilities:

Subsurface Utility Engineering.

G. Final Design:

- 1. Complete Final Roadway Plans, including but not limited to:
 - a. Final Bridge Plans (LRFD).
 - b. Final Signing and Marking Plans.
 - c. Final ESPCP.
 - d. Final Utility Plans.
 - e. Final Staging Plans.
 - f. Final Drainage Design including MS4, if applicable.
- 2. FFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).
- 3. Corrected FFPR Plans.
- 4. CES Final cost estimate.
- Final PS&E Package.
- 6. Amendments & Revisions.

H. Construction:

- 1. Use on Construction Revisions.
- 2. Review Shop Drawings.
- Quality Control/Quality Assurance Reviews for all deliverables.
- J. Attendance in and meeting minutes of monthly meetings to discuss progress and/or issues (additional meetings may be required to resolve major project issues).

7. Key Team Leaders:

- A. Roadway Design.
- B. Bridge Design.
- C. NEPA Lead.
- The following milestone dates are proposed:
 - A. Preliminary Engineering (PE) Notice to Proceed Q4 FY 2020.
 - B. Limited Concept report submittal Q1 FY 21 (about 4 months duration).
 - C. PFPR Q2 FY 2022.
 - D. FFPR Q3 FY 2023.
 - E. Let Contract Q1 FY 2024.

EXHIBIT I-5

Contract 5

Project Numbers: NA
 Pl Numbers: 0013120

3. County: Monroe

4. Description: SR 74 @ SR 425. Required Area Classes:

Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom GDOT will contract. The Team is defined as the Prime Consultant and their subconsultants, who are considered team members. The Prime Consultant must be prequalified in the Area Classes identified below in Section 5.A. The Prime Consultant or subconsultant team members must be prequalified in the Area Classes identified below in Section 5.B. Respondents should submit a summary form (example provided in **Exhibit IV**) which details the required area classes for the Prime Consultant and all subconsultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes listed on the summary form must meet all required area classes or the team will be disqualified. The Prequalification Expiration Date must be current by the deadline stated for this RFQ.

A. The Prime Consultant MUST be prequalified by GDOT in the area classes listed below:

Number	Area Class
3.01	Two-Lane or Multi-lane Rural Roadway Design

B. The **Team** (either the Prime Consultant and/or one or more of their subconsultant team members) <u>MUST</u> be prequalified by GDOT in the area classes listed below:

Number	Area Class
1.06(a)	NEPA
1.06(b)	History
1.06(c)	Air Quality
1.06(d)	Noise
1.06(e)	Ecology
1.06(f)	Archaeology
1.06(g)	Freshwater Aquatic Surveys
1.07	Attitude, Opinion, and Community Value Studies (Public Involvement)
1.10	Traffic Analysis
3.06	Traffic Operations Studies
_3.07	Traffic Operations Design
3.08	Landscape Architecture Design
3.12	Hydraulic and Hydrological Studies (Roadway)
3.15	Highway Lighting
5.01	Land Surveying
5.02	Engineering Surveying
5.03	Geodetic Surveying
5.04	Aerial Photography
5.05	Photogrammetry
5.06	Topographic Remote Sensing
5.08	Overhead/Subsurface Utility Engineering (SUE)
6.01(a)	Soil Survey Studies
6.01(b)	Geological and Geophysical Studies
6.03	Hydraulic and Hydrologic Studies (Soils & Foundation)
9.01	Erosion, Sedimentation, and Pollution Control Plan

6. Scope:

The project will construct a Single Lane Roundabout at the intersection of SR 74 and SR 42. GDOT performed an Intersection Control Evaluation (ICE) in 2017. The Single Lane Roundabout was preferred over the Conventional All-Way Stop (AWSC), however, it recommended the AWSC could be constructed as an interim measure, if needed.

The Consultant shall provide development of the following scope of service items. All deliverables shall be in accordance with, but not limited to, the Plan Development Process (PDP), Electronic Data Guidelines (EDG), GDOT Design Policy Manual, GDOT Drainage Manual, GDOT Bridge and Structures Design Manual, Plan Presentation Guide, National Environmental Policy Act (NEPA) and the GDOT Environmental Procedures Manual.

The Consultant shall provide:

A. Concept Report:

- 1. Traffic studies.
- 2. Conceptual right of way cost estimate utilizing vendor from GDOT's Right-of-Way services prequalified contractor list.
- 3. Conceptual construction cost estimate.
- 4. Prepare concept layouts and alignments alternatives.
- 5. Initial Concept meeting Preparation and Attendance.
- 6. Approved Concept Report.
- 7. Concept Design Data Book.
- 8. Concept Meeting Preparation and Attendance.
- 9. Public Involvement Plan (for GDOT's approval).

B. Environment Document:

- 1. Necessary Environmental Special Studies survey reports and assessment of effects for Ecology, History, Archaeology, Air, and Noise.
- Agency coordination including multiple meetings to ensure consistency of expectations, design, and clearance limits.
- 3. NEPA documents:
 - a. Environmental Approval.
 - b. NEPA Reevaluations, as required.
- 4. Preparation of Section 404 Permit Application.
- 5. Section 7 Coordination.
- 6. Protected Species Surveys including Aquatic & Terrestrial Surveys, as required.
- 7. Preparation of a Vegetative Buffer application.
- 8. Public Involvement (Public Information Open House (PIOH)) and associated coordination with GDOT.
- 9. Prepare for and attend the Preliminary Field Plan Review (PFPR), Constructability Reviews, and Final Field Plan Review (FFPR).
- 10. Certification for Right-of-Way.
- 11. Certification for Let.
- 12. TPro and P6 Updates.
- 13. Preparation of Environmental Commitments Table "Green Sheet" and Environmental Resource Impact Table (ERIT).

C. Preliminary Design, include but not limited to:

- 1. Complete Preliminary Roadway Plans, including but not limited to:
 - a. Preliminary Signing and Marking Plans.
 - b. Preliminary Signal Plans.
 - c. Preliminary Staging & Erosion Control Plans.
- 2. Cost Estimation System (CES) Preliminary cost estimate with annual updates.
- 3. Quality Assurance/Quality Control (QA/QC) Reviews.
- 4. Location and Design Report.
- PFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).
- 6. Traffic Studies.
- 7. Preliminary Construction plans.
- 8. Pavement Evaluation/UST & Monitoring wells/Soil Survey.

- 9. Pavement Type selection.
- 10. Constructability Review meeting.
- 11. Approved Pavement Design.
- 12. SUE Plans (Quality Level B).

D. Survey:

- 1. Aerial Photogrammetry/Mapping.
- 2. Survey Control.
- 3. Complete Survey Database.
- 4. Property Information and Owners (with updates).
- 5. Complete stream hydraulic surveys streams.
- 6. Extend survey limits (if necessary).
- 7. Survey package report.

E. Right-of-Way Plans:

- 1. Prepare, Revise and deliver final Right-of-Way plans.
- 2. Coordinated field review of right of way plans and staking.
- 3. Right of Way revisions during acquisitions.
- 4. Coordination with the GDOT Right of Way Office during acquisitions.
- 5. Location & Design Approval.

F. Final Design:

- 1. FFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).
- 2. Erosion Control Plans.
- 3. Quality Assurance/Quality Control Reviews.
- 4. Corrected FFPR Plans.
- 5. Cost Estimation System (CES) Final cost estimate.
- 6. Final Plans, Specifications, and Estimates (PS&E) Package.
- 7. Amendments & Revisions.
- 8. Final Design Data Book.
- 9. Complete Final Roadway Plans. Including but not limited to:
 - a. Final Signing and Marking Plans.
 - b. Final Signal Plans.
 - c. Final Staging & Erosion Plans.
- 10. Utility Plans.
- 11. Update all Environmental Special Studies Reports and NEPA reevaluation:
 - a. History.
 - b. Ecology.
 - c. Archaeology.
 - d. Air.
 - e. Noise.
 - f. Freshwater Aquatic and other protected species surveys as needed.
- 12. Pavement Evaluation.
- 13. Special Provisions.

G. Construction:

- 1. Use on Construction Revisions.
- 2. Site Condition Revisions.
- H. Quality Assurance/Quality Control Reviews for all deliverables.
- I. Attendance in and meeting minutes of monthly meetings to discuss progress and/or issues (additional meetings may be required to resolve major project issues).
- J. Prepare, reproduce, and distribute Field Plan Review (FPR) Packages, address/respond to comments, and make changes. The Consultant shall provide written responses to all Field Plan Review Reports to the Department's project manager no later than 48 hours prior to the distribution deadline.

- K. Prepare, reproduce, and distribute preliminary and final plans and all supporting disciplines (signing and marking, erosion control, R/W, utilities,) as well as all special provisions, all design files, and supporting documentation.
- 7. Key Team Leaders:
 - A. Roadway Lead.
 - B. NEPA Lead.
- 8. An expected schedule includes the following milestone dates:
 - A. Notice to Proceed: Q2 FY 2020.
 - B. Concept Report Q4 FY 2021.
 - C. Right of Way Authorization: Q3 FY 2021.
 - D. Construction Authorization: Q4 FY 2022.

EXHIBIT I-6

Contract 6

Project Numbers: NA
 Pl Numbers: 0015151

3. County: Chatham

4. Description: SR 204 FROM SR 21 TO CS 1201/RIO ROAD @ 25 LOCS

5. Required Area Classes:

Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom GDOT will contract. The Team is defined as the Prime Consultant and their subconsultants, who are considered team members. The Prime Consultant must be prequalified in the Area Classes identified below in Section 5.A. The Prime Consultant or subconsultant team members must be prequalified in the Area Classes identified below in Section 5.B. Respondents should submit a summary form (example provided in **Exhibit IV**) which details the required area classes for the Prime Consultant and all subconsultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes listed on the summary form must meet all required area classes or the team will be disqualified. The Prequalification Expiration Date must be current by the deadline stated for this RFQ.

A. The Prime Consultant MUST be prequalified by GDOT in the area classes listed below:

Number	Area Class
3.01	Two-Lane or Multi-lane Rural Roadway Design
3.02	Two-Lane or Multi-lane Urban Roadway Design

B. The **Team** (either the Prime Consultant and/or one or more of their subconsultant team members) **MUST** be pregualified by GDOT in the area classes listed below:

Number	Area Class
1.06(a)	NEPA
1.06(b)	History
1.06(c)	Air Quality
1.06(d)	Noise
1.06(e)	Ecology
1.06(f)	Archaeology
1.06(g)	Freshwater Aquatic Surveys
1.07	Attitude, Opinion, and Community Value Studies (Public Involvement)
1.10	Traffic Analysis
3.06	Traffic Operations Studies
3.07	Traffic Operations Design
3.12	Hydraulic and Hydrological Studies (Roadway)
3.13	Facilities for Bicycles and Pedestrians
3.15	Highway Lighting
5.01	Land Surveying
5.02	Engineering Surveying
5.03	Geodetic Surveying
5.04	Aerial Photography
5.05	Photogrammetry
5.08	Overhead/Subsurface Utility Engineering (SUE)
6.01(a)	Soil Survey Studies
6.01(b)	Geological and Geophysical Studies
6.03	Hydraulic and Hydrologic Studies (Soils & Foundation)
9.01	Erosion, Sedimentation, and Pollution Control Plan

6. Scope:

The purpose of this project is to address several issues identified in the Road Safety Audit of SR 204 due to concerns with pedestrian safety. The project is proposed to be pedestrian and signal upgrades in and around Savannah and will be funded with Federal safety dollars. The following reflect recommendations made in the report.

Install ADA-compliant pedestrian facilities. Install obstacles in medians to deter mid-block pedestrian crossings and encourage use of permitted pedestrian facilities. Add crosswalks and make push buttons more accessible. Implement ADA improvements in all quadrants at Abercorn Street @ E. Jackson Boulevard. Close driveways closest to intersections. Replace the painted islands with concrete islands to break up deceleration lanes, or extend right-turn storage onto Eisenhower Dr. at Abercorn Street @ Eisenhower Drive. Replace painted median with concrete along right-turn lane on southbound Abercorn Street at Abercorn Street @ West Montgomery Cross Road/SR 204 Spur. Pedestrian lighting as mentioned in the RSA. Evaluate and install RCUT's as mentioned in the RSA. Consider alternatives for frontage road access.

As programmed, the project does not have a ROW phase.

The Consultant shall provide development of the following scope of service items. All deliverables shall be in accordance with, but not limited to, the Plan Development Process (PDP), Electronic Data Guidelines (EDG), GDOT Design Policy Manual, GDOT Drainage Manual, GDOT Bridge and Structures Design Manual, Plan Presentation Guide, National Environmental Policy Act (NEPA) and the GDOT Environmental Procedures Manual.

The Consultant shall provide:

A. Concept Report:

- 1. Traffic studies.
- Conceptual right of way cost estimate utilizing vendor from GDOT's Right-of-Way services prequalified contractor list.
- 3. Conceptual construction cost estimate.
- 4. Prepare concept layouts and alignments alternatives.
- 5. Initial Concept meeting Preparation and Attendance.
- 6. Approved Concept Report.
- 7. Concept Design Data Book.
- 8. Concept Meeting Preparation and Attendance.
- 9. Public Involvement Plan (for GDOT's approval).

B. Environment Document:

- Necessary Environmental Special Studies survey reports and assessment of effects for Ecology, History, Archaeology, Air, and Noise.
- Agency coordination including multiple meetings to ensure consistency of expectations, design, and clearance limits.
- 3. NEPA documents:
 - a. Environmental Approval.
 - b. NEPA Reevaluations, as required.
- 4. Preparation of Section 404 Permit Application.
- 5. Section 7 Coordination.
- 6. Protected Species Surveys including Aquatic & Terrestrial Surveys, as required.
- 7. Preparation of a Vegetative Buffer application.
- Public Involvement (Public Information Open House (PIOH)) and associated coordination with GDOT.
- 9. Prepare for and attend the Preliminary Field Plan Review (PFPR), Constructability Review, and Final Field Plan Review (FFPR).
- 10. Certification for Right-of-Way.
- 11. Certification for Let.
- 12. TPro and P6 Updates.
- 13. Preparation of Environmental Commitments Table "Green Sheet" and Environmental Resource Impact Table (ERIT).

- C. Preliminary Design, include but not limited to:
 - 1. Complete Preliminary Roadway Plans, including but not limited to:
 - a. Preliminary Signing and Marking Plans.
 - b. Preliminary Signal Plans.
 - c. Preliminary Staging & Erosion Control Plans.
 - 2. Cost Estimation System (CES) Preliminary cost estimate with annual updates.
 - 3. Quality Assurance/Quality Control (QA/QC) Reviews.
 - 4. Location and Design Report.
 - 5. PFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).
 - 6. Traffic Studies.
 - 7. Preliminary Construction plans.
 - 8. Pavement Evaluation/UST & Monitoring wells/Soil Survey.
 - 9. Pavement Type selection.
 - 10. Constructability Review meeting.
 - 11. Approved Pavement Design.
 - 12. SUE Plans (Quality Level B).

D. Survey:

- 1. Aerial Photogrammetry/Mapping.
- 2. Survey Control.
- 3. Complete Survey Database.
- 4. Property information and Owners (with updates).
- 5. Complete stream hydraulic surveys streams.
- 6. Extend survey limits (if necessary).
- 7. Survey package report.

E. Right-of-Way Plans:

- 1. Prepare, Revise and deliver final Right-of-Way plans.
- 2. Coordinated field review of right of way plans and staking.
- 3. Right of Way revisions during acquisitions.
- 4. Coordination with the GDOT Right of Way Office during acquisitions.
- 5. Location & Design Approval.

F Final Design:

- 1. FFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).
- 2. Erosion Control Plans.
- 3. Quality Assurance/Quality Control Reviews.
- 4. Corrected FFPR Plans.
- 5. Cost Estimation System (CES) Final cost estimate.
- 6. Final Plans, Specifications, and Estimates (PS&E) Package.
- 7. Amendments & Revisions.
- 8. Final Design Data Book.
- 9. Complete Final Roadway Plans. Including but not limited to:
 - a. Final Signing and Marking Plans.
 - b. Final Signal Plans.
 - c. Final Staging & Erosion Plans.
- 10. Utility Plans:
- 11. Update all Environmental Special Studies Reports and NEPA reevaluation:
 - a. History.
 - b. Ecology.
 - c. Archaeology.
 - d. Air.
 - e. Noise.
 - f. Freshwater Aquatic and other protected species surveys, as needed.
- 12. Pavement Evaluation.
- 13. Special Provisions.

- G. Construction:
 - 1. Use on Construction Revisions.
 - 2. Site Condition Revisions.
- H. Quality Assurance/Quality Control Reviews for all deliverables.
- I. Attendance in and meeting minutes of monthly meetings to discuss progress and/or issues (additional meetings may be required to resolve major project issues).
- J. Prepare, reproduce, and distribute Field Plan Review (FPR) Packages, address/respond to comments, and make changes. The Consultant shall provide written responses to all Field Plan Review Reports to the Department's project manager no later than 48 hours prior to the distribution deadline.
- K. Prepare, reproduce, and distribute preliminary and final plans and all supporting disciplines (signing and marking, erosion control, R/W, utilities,) as well as all special provisions, all design files, and supporting documentation.
- 7. Key Team Leaders:
 - A. Roadway Lead.
 - B. NEPA Lead.
- 8. An expected schedule includes the following milestone dates:
 - A. Notice to Proceed: Q2 FY 2020.
 - B. PFPR Request: Q1 FY 2022.
 - C. Construction Authorization: Q4 FY 2023.

EXHIBIT 1-7

Contract 7

1. Project Numbers: NA 2. Pl Numbers: 0015667

County: Baldwin

4. Description: SR 22 @ SR 24

5. Required Area Classes:

Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom GDOT will contract. The Team is defined as the Prime Consultant and their subconsultants, who are considered team members. The Prime Consultant must be prequalified in the Area Classes identified below in Section 5.A. The Prime Consultant or subconsultant team members must be prequalified in the Area Classes identified below in Section 5.B. Respondents should submit a summary form (example provided in Exhibit IV) which details the required area classes for the Prime Consultant and all subconsultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes listed on the summary form must meet all required area classes or the team will be disqualified. The Prequalification Expiration Date must be current by the deadline stated for this RFQ.

A. The Prime Consultant MUST be prequalified by GDOT in the area classes listed below:

Number	Area Class
3.01	Two-Lane or Multi-lane Rural Roadway Design
3.02	Two-Lane or Multi-lane Urban Roadway Design

B. The Team (either the Prime Consultant and/or one or more of their subconsultant team members) MUST be prequalified by GDOT in the area classes listed below:

Number	Area Class
1.06(a)	NEPA
1.06(b)	History
1.06(c)	Air Quality
1.06(d)	Noise
1.06(e)	Ecology
1.06(f)	Archaeology
1.06(g)	Freshwater Aquatic Surveys
1.07	Attitude, Opinion, and Community Value Studies (Public Involvement)
1.10	Traffic Analysis
3.06	Traffic Operations Studies
3.07	Traffic Operations Design
3.08	Landscape Architecture Design
3.12	Hydraulic and Hydrological Studies (Roadway)
3.15	Highway Lighting
5.01	Land Surveying
5.02	Engineering Surveying
5.03	Geodetic Surveying
5.04	Aerial Photography
5.05	Photogrammetry
5.08	Overhead/Subsurface Utility Engineering (SUE)
6.01(a)	Soil Survey Studies
6.05	Hazardous Waste Site Assessment Studies
9.01	Erosion, Sedimentation, and Pollution Control Plan

6. Scope:

The purpose of this project is to construct a roundabout at the intersection of SR 22 (Sparta Highway) and SR 24, approximately 4 miles east of Milledgeville. Federal funds will be utilized.

The Consultant shall provide development of the following scope of service items. All deliverables shall be in accordance with, but not limited to, the Plan Development Process (PDP), Electronic Data Guidelines (EDG), GDOT Design Policy Manual, GDOT Drainage Manual, GDOT Bridge and Structures Design Manual, Plan Presentation Guide, National Environmental Policy Act (NEPA) and the GDOT Environmental Procedures Manual.

The Consultant shall provide:

A. Concept Report:

- 1. Traffic studies.
- 2. Conceptual right of way cost estimate utilizing vendor from GDOT's Right-of-Way services prequalified contractor list.
- 3. Conceptual construction cost estimate.
- 4. Prepare concept layouts and alignments alternatives.
- 5. Initial Concept meeting Preparation and Attendance.
- 6. Approved Concept Report.
- 7. Concept Design Data Book.
- 8. Concept Meeting Preparation and Attendance.
- 9. Public Involvement Plan (for GDOT's approval).

B. Environment Document:

- 1. Necessary Environmental Special Studies survey reports and assessment of effects for Ecology, History, Archaeology, Air, and Noise.
- Agency coordination including multiple meetings to ensure consistency of expectations, design, and clearance limits.
- 3. NEPA documents:
 - a. Environmental Approval.
 - b. NEPA Reevaluations, as required.
- 4. Preparation of Section 404 Permit Application.
- 5. Section 7 Coordination.
- 6. Protected Species Surveys including Aquatic & Terrestrial Surveys, as required.
- 7. Preparation of a Vegetative Buffer application.
- 8. Public Involvement (Public Information Open House (PIOH)) and associated coordination with GDOT.
- Prepare for and attend the Preliminary Field Plan Review (PFPR), Constructability Review, and Final Field Plan Review (FFPR).
- 10. Certification for Right-of-Way.
- 11. Certification for Let.
- 12. TPro and P6 Updates.
- Preparation of Environmental Commitments Table "Green Sheet" and Environmental Resource Impact Table (ERIT).

C. Preliminary Design, include but not limited to:

- 1. Complete Preliminary Roadway Plans, including but not limited to:
 - a. Preliminary Signing and Marking Plans.
 - b. Preliminary Signal Plans.
 - c. Preliminary Staging & Erosion Control Plans.
- 2. Cost Estimation System (CES) Preliminary cost estimate with annual updates.
- 3. Quality Assurance/Quality Control (QA/QC) Reviews.
- 4. Location and Design Report.
- 5. PFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).
- 6. Traffic Studies.
- 7. Preliminary Construction plans.
- 8. Pavement Evaluation/UST & Monitoring wells/Soil Survey.
- 9. Pavement Type selection.

- 10. Constructability Review meeting.
- 11. Approved Pavement Design.
- 12. SUE Plans (Quality Level B).

D. Survey:

- 1. Aerial Photogrammetry/Mapping.
- 2. Survey Control.
- 3. Complete Survey Database.
- 4. Property Information and Owners (with updates).
- 5. Complete stream hydraulic surveys streams.
- 6. Extend survey limits (if necessary).
- 7. Survey package report.

E. Right-of-Way Plans:

- 1. Prepare, Revise and deliver final Right-of-Way plans.
- 2. Coordinated field review of right of way plans and staking.
- 3. Right of Way revisions during acquisitions.
- 4. Coordination with the GDOT Right of Way Office during acquisitions.
- 5. Location & Design Approval.

F: Final Design:

- 1. FFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).
- 2. Erosion Control Plans.
- 3. Quality Assurance/Quality Control Reviews.
- 4. Corrected FFPR Plans.
- 5. Cost Estimation System (CES) Final cost estimate.
- 6. Final Plans, Specifications, and Estimates (PS&E) Package.
- 7. Amendments & Revisions.
- 8. Final Design Data Book.
- 9. Complete Final Roadway Plans. Including but not limited to:
 - a. Final Signing and Marking Plans.
 - b. Final Signal Plans.
 - Final Staging & Erosion Plans.
- 10. Utility Plans.
- 11. Update all Environmental Special Studies Reports and NEPA reevaluation:
 - a. History.
 - b. Ecology.
 - c. Archaeology.
 - d. Air.
 - e. Noise.
 - f. Freshwater Aquatic and other protected species surveys, as needed.
- 12. Pavement Evaluation.
- 13. Special Provisions.

G. Construction:

- 1. Use on Construction Revisions.
- 2. Site Condition Revisions.
- H. Quality Assurance/Quality Control Reviews for all deliverables.
- I. Attendance in and meeting minutes of monthly meetings to discuss progress and/or issues (additional meetings may be required to resolve major project issues).
- J. Prepare, reproduce, and distribute Field Plan Review (FPR) Packages, address/respond to comments, and make changes. The Consultant shall provide written responses to all Field Plan Review Reports to the Department's project manager no later than 48 hours prior to the distribution deadline.

RFQ-484-052819

- K. Prepare, reproduce, and distribute preliminary and final plans and all supporting disciplines (signing and marking, erosion control, R/W, utilities,) as well as all special provisions, all design files, and supporting documentation.
- 7. Key Team Leaders:
 - A. Roadway Lead.
 - B. NEPA Lead.
- 8. An expected schedule includes the following milestone dates:
 - A. Notice to Proceed: Q2 FY 2020.
 - B. ROW Authorization: Q2 FY 2022.
 - C. Construction Authorization: Q2 FY 2023.

EXHIBIT I-8

Contract 8

Project Numbers: NA
 PI Numbers: 0015688

3. County: Butts

4. Description: SR 16 @ CR 291/ENGLAND CHAPEL ROAD

5. Required Area Classes:

Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom GDOT will contract. The Team is defined as the Prime Consultant and their subconsultants, who are considered team members. The Prime Consultant must be prequalified in the Area Classes identified below in Section 5.A. The Prime Consultant or subconsultant team members must be prequalified in the Area Classes identified below in Section 5.B. Respondents should submit a summary form (example provided in **Exhibit IV**) which details the required area classes for the Prime Consultant and all subconsultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes listed on the summary form must meet all required area classes or the team will be disqualified. The Prequalification Expiration Date must be current by the deadline stated for this RFQ.

A. The Prime Consultant MUST be prequalified by GDOT in the area classes listed below:

Number	Area Class
3.01	Two-Lane or Multi-lane Rural Roadway Design
3.02	Two-Lane or Multi-lane Urban Roadway Design

B. The **Team** (either the Prime Consultant and/or one or more of their subconsultant team members) <u>MUST</u> be prequalified by GDOT in the area classes listed below:

Number	Area Class
1.06(a)	NEPA
1.06(b)	History
1.06(c)	Air Quality
1.06(d)	Noise
1.06(e)	Ecology
1.06(f)	Archaeology
1.06(g)	Freshwater Aquatic Surveys
1.07	Attitude, Opinion, and Community Value Studies (Public Involvement)
1.10	Traffic Analysis
3.06	Traffic Operations Studies
3.07	Traffic Operations Design
3.08	Landscape Architecture Design
3.12	Hydraulic and Hydrological Studies (Roadway)
3.15	Highway Lighting
5.01	Land Surveying
5.02	Engineering Surveying
5.03	Geodetic Surveying
5.04	Aerial Photography
5.05	Photogrammetry
5.08	Overhead/Subsurface Utility Engineering (SUE)
6.01(a)	Soil Survey Studies
6.05	Hazardous Waste Site Assessment Studies
9.01	Erosion, Sedimentation, and Pollution Control Plan

6. Scope:

The purpose of this project is to construct a single lane roundabout at the intersection of SR 16 and CR 291/England Chapel Road. The intersection is currently stop-controlled and construction would include pedestrian crossings and sidewalks. Federal funds will be utilized.

The Consultant shall provide development of the following scope of service items. All deliverables shall be in accordance with, but not limited to, the Plan Development Process (PDP), Electronic Data Guidelines (EDG), GDOT Design Policy Manual, GDOT Drainage Manual, GDOT Bridge and Structures Design Manual, Plan Presentation Guide, National Environmental Policy Act (NEPA) and the GDOT Environmental Procedures Manual.

The Consultant shall provide:

A. Concept Report:

- 1. Traffic studies.
- 2. Conceptual right of way cost estimate utilizing vendor from GDOT's Right-of-Way services prequalified contractor list.
- 1. Conceptual construction cost estimate.
- 2. Prepare concept layouts and alignments alternatives.
- 3. Initial Concept meeting Preparation and Attendance.
- 3. Approved Concept Report.
- 4. Concept Design Data Book.
- 5. Concept Meeting Preparation and Attendance.
- 6. Public Involvement Plan (for GDOT's approval).

B. Environment Document:

- Necessary Environmental Special Studies survey reports and assessment of effects for Ecology, History, Archaeology, Air, and Noise.
- Agency coordination including multiple meetings to ensure consistency of expectations, design, and clearance limits.
- 3. NEPA documents:
 - a. Environmental Approval.
 - b. NEPA Reevaluations, as required.
- 4. Preparation of Section 404 Permit Application.
- Section 7 Coordination.
- 6. Protected Species Surveys including Aquatic & Terrestrial Surveys, as required.
- 7. Preparation of a Vegetative Buffer application.
- 8. Public Involvement (Public Information Open House (PIOH)) and associated coordination with GDOT.
- 9. Prepare for and attend the Preliminary Field Plan Review (PFPR), Constructability Review, and Final Field Plan Review (FFPR).
- 10. Certification for Right-of-Way.
- 11. Certification for Let.
- 12. TPro and P6 Updates.
- 13. Preparation of Environmental Commitments Table "Green Sheet" and Environmental Resource Impact Table (ERIT).

C. Preliminary Design, include but not limited to:

- 1. Complete Preliminary Roadway Plans, including but not limited to:
 - a. Preliminary Signing and Marking Plans.
 - b. Preliminary Signal Plans.
 - c. Preliminary Staging & Erosion Control Plans.
- 2. Cost Estimation System (CES) Preliminary cost estimate with annual updates.
- 3. Quality Assurance/Quality Control (QA/QC) Reviews.
- 4. Location and Design Report.
- 5. PFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).
- 6. Traffic Studies.
- 7. Preliminary Construction plans.
- 8. Pavement Evaluation/UST & Monitoring wells/Soil Survey.

- 9. Pavement Type selection.
- 10. Constructability Review meeting.
- 11. Approved Pavement Design.
- 12. SUE Plans (Quality Level B).

D. Survey:

- 1. Aerial Photogrammetry/Mapping.
- 2. Survey Control.
- 3. Complete Survey Database.
- 4. Property information and Owners (with updates).
- 5. Complete stream hydraulic surveys streams.
- 6. Extend survey limits (if necessary).
- 7. Survey package report.

E. Right-of-Way Plans:

- 1. Prepare, Revise and deliver final Right-of-Way plans.
- 2. Coordinated field review of right of way plans and staking.
- 3. Right of Way revisions during acquisitions.
- 4. Coordination with the GDOT Right of Way Office during acquisitions.
- 5. Location & Design Approval.

F. Final Design:

- 1. FFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).
- 2. Erosion Control Plans.
- 3. Quality Assurance/Quality Control Reviews.
- 4. Corrected FFPR Plans.
- 5. Cost Estimation System (CES) Final cost estimate.
- 6. Final Plans, Specifications, and Estimates (PS&E) Package.
- 7. Amendments & Revisions.
- 8. Final Design Data Book.
- 9. Complete Final Roadway Plans. Including but not limited to:
 - a. Final Signing and Marking Plans.
 - b. Final Signal Plans.
 - c. Final Staging & Erosion Plans.
- 10. Utility Plans.
- 11. Update all Environmental Special Studies Reports and NEPA reevaluation:
 - a. History.
 - b. Ecology.
 - c. Archaeology.
 - d. Air.
 - e. Noise.
 - f. Freshwater Aquatic and other protected species surveys, as needed.
- 12. Pavement Evaluation.
- 13. Special Provisions.

G. Construction:

- 1. Use on Construction Revisions.
- 2. Site Condition Revisions.
- H. Quality Assurance/Quality Control Reviews for all deliverables.
- I. Attendance in and meeting minutes of monthly meetings to discuss progress and/or issues (additional meetings may be required to resolve major project issues).
- J. Prepare, reproduce, and distribute Field Plan Review (FPR) Packages, address/respond to comments, and make changes. The Consultant shall provide written responses to all Field Plan Review Reports to the Department's project manager no later than 48 hours prior to the distribution deadline.

- K. Prepare, reproduce, and distribute preliminary and final plans and all supporting disciplines (signing and marking, erosion control, R/W, utilities,) as well as all special provisions, all design files, and supporting documentation.
- 7. Key Team Leaders:
 - A. Roadway Lead.
 - B. NEPA Lead.
- 8. An expected schedule includes the following milestone dates:
 - A. Notice to Proceed: Q2 FY 2020.
 - B. ROW Authorization: Q2 FY 2022.
 - C. Construction Authorization: Q1 FY 2023.

EXHIBIT 1-9

Contract 9

Project Numbers: NA
 Pl Numbers: 0015690
 County: Muscogee

4. Description: SR 22/US 80 @ SR 22 SPUR

5. Required Area Classes:

Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom GDOT will contract. The Team is defined as the Prime Consultant and their subconsultants, who are considered team members. The Prime Consultant must be prequalified in the Area Classes identified below in Section 5.A. The Prime Consultant or subconsultant team members must be prequalified in the Area Classes identified below in Section 5.B. Respondents should submit a summary form (example provided in **Exhibit IV**) which details the required area classes for the Prime Consultant and all subconsultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes listed on the summary form must meet all required area classes or the team will be disqualified. The Prequalification Expiration Date must be current by the deadline stated for this RFQ.

A. The Prime Consultant MUST be prequalified by GDOT in the area classes listed below:

Number	Area Class
3.01	Two-Lane or Multi-lane Rural Roadway Design
3.02	Two-Lane or Multi-lane Urban Roadway Design

B. The **Team** (either the Prime Consultant and/or one or more of their subconsultant team members) <u>MUST</u> be prequalified by GDOT in the area classes listed below:

Number	Area Class
1.06(a)	NEPA
1.06(b)	History
1.06(c)	Air Quality
1.06(d)	Noise
1.06(e)	Ecology
1.06(f)	Archaeology
1.06(g)	Freshwater Aquatic Surveys
1.07	Attitude, Opinion, and Community Value Studies (Public Involvement)
1.10	Traffic Analysis
3.06	Traffic Operations Studies
3.07	Traffic Operations Design
3.08	Landscape Architecture Design
3.12	Hydraulic and Hydrological Studies (Roadway)
3.15	Highway Lighting
5.01	Land Surveying
5.02	Engineering Surveying
5.03	Geodetic Surveying
5.04	Aerial Photography
<u>5</u> .05	Photogrammetry
5.08	Overhead/Subsurface Utility Engineering (SUE)
6.01(a)	Soil Survey Studies
6.05	Hazardous Waste Site Assessment Studies
9.01	Erosion, Sedimentation, and Pollution Control Plan

6. Scope:

The purpose of the project is to construct two multi-lane roundabouts with Federal Safety Dollars. The first roundabout would be constructed at the intersection of SR 22 @ SR 22 SPUR. The second roundabout would be constructed at SR 22 @ Technology Parkway. Railroad coordination is anticipated.

The Consultant shall provide development of the following scope of service items. All deliverables shall be in accordance with, but not limited to, the Plan Development Process (PDP), Electronic Data Guidelines (EDG), GDOT Design Policy Manual, GDOT Drainage Manual, GDOT Bridge and Structures Design Manual, Plan Presentation Guide, National Environmental Policy Act (NEPA) and the GDOT Environmental Procedures Manual.

The Consultant shall provide:

A. Concept Report:

- 1. Traffic studies.
- 2. Conceptual right of way cost estimate utilizing vendor from GDOT's Right-of-Way services prequalified contractor list.
- 3. Conceptual construction cost estimate.
- 4. Prepare concept layouts and alignments alternatives.
- 5. Initial Concept meeting Preparation and Attendance.
- 6. Approved Concept Report.
- 7. Concept Design Data Book.
- 8. Concept Meeting Preparation and Attendance.
- 9. Public Involvement Plan (for GDOT's approval).

B. Environment Document:

- 1. Necessary Environmental Special Studies survey reports and assessment of effects for Ecology, History, Archaeology, Air, and Noise.
- 2. Agency coordination including multiple meetings to ensure consistency of expectations, design, and clearance limits.
- 3. NEPA documents:
 - a. Environmental Approval.
 - b. NEPA Reevaluations, as required.
- 4. Preparation of Section 404 Permit Application.
- 5. Section 7 Coordination.
- 6. Protected Species Surveys including Aquatic & Terrestrial Surveys, as required.
- 7. Preparation of a Vegetative Buffer application.
- 8. Public Involvement (Public Information Open House (PIOH)) and associated coordination with GDOT.
- Prepare for and attend the Preliminary Field Plan Review (PFPR), Constructability Review, and Final Field Plan Review (FFPR).
- 10. Certification for Right-of-Way.
- 11. Certification for Let.
- 12. TPro and P6 Updates.
- 13. Preparation of Environmental Commitments Table "Green Sheet" and Environmental Resource Impact Table (ERIT).

C. Preliminary Design, include but not limited to:

- 1. Complete Preliminary Roadway Plans, including but not limited to:
 - a. Preliminary Signing and Marking Plans.
 - b. Preliminary Signal Plans.
 - c. Preliminary Staging & Erosion Control Plans.
- 2. Cost Estimation System (CES) Preliminary cost estimate with annual updates.
- 3. Quality Assurance/Quality Control (QA/QC) Reviews.
- 4. Location and Design Report.
- 5. PFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).
- 6. Traffic Studies.
- 7. Preliminary Construction plans.
- 8. Pavement Evaluation/UST & Monitoring wells/Soil Survey.

- 9. Pavement Type selection.
- 10. Constructability Review meeting.
- 11. Approved Pavement Design.
- 12. SUE Plans (Quality Level B).

D. Survey:

- 1. Aerial Photogrammetry/Mapping.
- 2. Survey Control.
- 3. Complete Survey Database.
- 4. Property Information and Owners (with updates).
- 5. Complete stream hydraulic surveys streams.
- 6. Extend survey limits (if necessary).
- 7. Survey package report.

E. Right-of-Way Plans:

- 1. Prepare, Revise and deliver final Right-of-Way plans.
- 2. Coordinated field review of right of way plans and staking.
- 3. Right of Way revisions during acquisitions.
- 4. Coordination with the GDOT Right of Way Office during acquisitions.
- 5. Location & Design Approval.

F. Final Design:

- 1. FFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).
- 2. Erosion Control Plans.
- 3. Quality Assurance/Quality Control Reviews.
- 4. Corrected FFPR Plans.
- 5. Cost Estimation System (CES) Final cost estimate.
- 6. Final Plans, Specifications, and Estimates (PS&E) Package.
- 7. Amendments & Revisions.
- 8. Final Design Data Book.
- 9. Complete Final Roadway Plans. Including but not limited to:
 - a. Final Signing and Marking Plans.
 - b. Final Signal Plans.
 - c. Final Staging & Erosion Plans.
- 10. Utility Plans.
- 11. Update all Environmental Special Studies Reports and NEPA reevaluation:
 - a. History.
 - b. Ecology.
 - c. Archaeology.
 - d. Air.
 - e. Noise
 - f. Freshwater Aquatic and other protected species surveys, as needed.
- 12. Pavement Evaluation.
- 13. Special Provisions.

G. Construction:

- 1. Use on Construction Revisions.
- 2. Site Condition Revisions.
- H. Quality Assurance/Quality Control Reviews for all deliverables.
- I. Attendance in and meeting minutes of monthly meetings to discuss progress and/or issues (additional meetings may be required to resolve major project issues).
- J. Prepare, reproduce, and distribute Field Plan Review (FPR) Packages, address/respond to comments, and make changes. The Consultant shall provide written responses to all Field Plan Review Reports to the Department's project manager no later than 48 hours prior to the distribution deadline.

- K. Prepare, reproduce, and distribute preliminary and final plans and all supporting disciplines (signing and marking, erosion control, R/W, utilities) as well as all special provisions, all design files, and supporting documentation.
- 7. Key Team Leaders:
 - A. Roadway Lead.
 - B. NEPA Lead.
- 8. An expected schedule includes the following milestone dates:
 - A. Notice to Proceed: Q2 FY 2020.B. ROW Authorization: Q2 FY 2022.
 - C. Construction Authorization: Q2 FY 2023.

EXHIBIT II CERTIFICATION FORM

l,	, being duly sworn, state that I a	m(title) of
informati	on presented in the attached proposal and any enclosure	(firm) and hereby duly certify that I have read and understand the
box for a		ling must be the same person who signs the Certification Form. (If unable to initial any a statement explaining the non-certification. The Department will review and make a her or disqualified).
	I further certify that to the best of my knowledge the infor	mation given in response to the Request for Qualifications is full, complete and truthful.
	been convicted of any crime of moral turpitude or any	employee of the submitting firm has not, in the immediately preceding five (5) years, felony offense, nor has had their professional license suspended, revoked or been embers/principals currently under indictment for any reason related to actions on public
	that the submitting firm has not, in the immediately pred	ne current Federal list of firms suspended or debarred are not eligible for selection and beding five (5) years, been suspended or debarred from contracting with any federal, submitting firm is not now under consideration for suspension or debarment from any
		idiately preceding five (5) years been defaulted in any federal, state or local government t now under any notice of intent to default on any such contract, nor has been removed led due to cause or default.
		n involved in any arbitration, litigation, mediation, dispute review board or other dispute povernment agency in the last five (5) years involving an amount in excess of \$500,000
	I further certify that there are not any pending regulatory in	quiries that could impact our ability to provide services if we are the selected consultant.
	I further certify that there are no possible conflicts of interproject.	rest created by our consideration in the selection process or by our involvement in the
		revenue for the past five (5) years is sufficient to allow the services to be delivered revenue which may be concerning other than normal market fluctuations.
	I further certify that in regards to Audit and Accounting Sy	stem Requirements, that the submitting firm:
	Has an accounting system in place to me Circular A-122.	et requirements of 48 CFR Part 31 and, in the case of non-profit organizations, OMB
		Accountant overhead audit if it currently has an aggregate contract amount exceeding
	III. Has no significant outstanding deficient a	udit findings from previous contracts with GDOT that have not been resolved. ed that all sub-consultant(s) presented as a part of the proposed team are similarly in
appropria	edge, agree and authorize, and certify that the proposer te, determine the accuracy and truth of the information pro- tement of Qualifications for the purpose of verifying the in-	acknowledges, agrees and authorizes, that GDOT may, by means that either deems ovided by the proposer and that the GDOT may contact any individual or entity named formation supplied therein.
	edge and agree that all of the information contained in the a contract.	Statement of Qualifications is submitted for the express purpose of inducing the GDOT
denial or the State	rescission of any contract entered into based upon this p of Georgia. In addition, such false statement or omission	is proposal is sufficient cause for suspension or debarment from further contracts, or roposal thereby precluding the firm from doing business with, or performing work for, may subject the person and entity making the proposal to criminal prosecution under not limited to O.C.G.A. §16-10-20, 18 U.S.C. §§1001 or 1341.

This Addendum, including all questions and answers, shall become and form a part of the original RFQ package and shall be taken into account when preparing your proposal.

The purpose of this Addendum is to modify the original RFQ.

I. Section I. A. Overview - Project Table is deleted in its entirety and replaced with the following:

Contract	County	PI#	Project Description
1	Glynn	0014914	CR 583/SEA ISLAND ROAD @ DUNBAR CREEK ON ST SIMONS ISLAND
2	Butts	0016126	SR 36 @ BIG SANDY CREEK 3.8 MI SW OF JACKSON
	Butts	0016127	SR 36 @ NORRIS CREEK 3.2 MI SW OF JACKSON
3	McDuffie & Wilkes	0016128	SR 80 @ LITTLE RIVER 12.9 MI NW OF THOMSON (Bridge Design in-house)
4	Monroe	0016129	SR 18 @ NS #718484D 13 MI E OF FORSYTH
	Jones & Monroe	0016130	SR 18 @ OCMULGEE RIVER 13 MI E OF FORSYTH
5	Monroe	0013120	SR 74 @ SR 42
6	Chatham	0015151	SR 204 FROM SR 21 TO CS 1201/RIO ROAD @ 25 LOCS
7	Baldwin	0015667	SR 22 @ SR 24
8	Butts	0015688	SR 16 @ CR 291/ENGLAND CHAPEL ROAD
9	Muscogee	0015690	SR 22/US 80 @ SR 22 SPUR

II. Exhibit I-2, Contract 2 is deleted in its entirety and replaced with the following:

EXHIBIT I-2

Contract 2

1. Project Numbers: NA

2. PI Numbers: 0016126 and 0016127

3. County: Butts

 Description: SR 36 @ BIG SANDY CREEK 3.8 MI SW OF JACKSON and SR 36 @ NORRIS CREEK 3.2 MI SW OF JACKSON

5. Required Area Classes:

Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom GDOT will contract. The Team is defined as the Prime Consultant and their subconsultants, who are considered team members. The Prime Consultant must be prequalified in the Area Classes identified below in Section 5.A. The Prime Consultant or subconsultant team members must be prequalified in the Area Classes identified below in Section 5.B. Respondents should submit a summary form (example provided in **Exhibit IV**) which details the required area classes for the Prime Consultant and all subconsultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes listed on the summary form must meet all required area classes or the team will be disqualified. The Prequalification Expiration Date must be current by the deadline stated for this RFQ.

A. The Prime Consultant MUST be prequalified by GDOT in the area classes listed below:

Number	Area Class
3.01	Rural Roadway Design

B. The **Team** (either the Prime Consultant and/or one or more of their subconsultant team members) **MUST** be prequalified by GDOT in the area classes listed below:

Number	Area Class					
1.06(a)	NEPA					
1.06(b)	History					
1.06(c)	Air Quality					
1.06(d)	Noise					
1.06(e)	Ecology					
1.06(f)	Archaeology					
1.06(g)	Freshwater Aquatic Surveys					
1.07	Attitude, Opinion, and Community Value Studies (Public Involvement)					
1.10	Traffic Analysis					
3.12	Hydraulic and Hydrological Studies (Roadway)					
4.01a	Minor Bridge Design					
	(OR)					
4.01b	Minor Bridge Design					
4.04	Hydraulic and Hydrological Studies (Bridges)					
5.01	Land Survey					
5.02	Engineering Surveying					
5.08	Overhead/Subsurface Utility Engineering (SUE)					
6.01(a)	Soil Survey Studies					
6.01(b)	Geological and Geophysical Studies					
6.02	Bridge Foundation Studies					
6.03	Hydraulic and Hydrologic Studies (Soils & Foundation)					
6.05	Hazardous Waste Site Assessment Studies					
9.01	Erosion, Sedimentation, and Pollution Control Plan					

6. Scope:

The Consultant shall provide concept development, field surveys and database enhancements, development of the environmental document including all required special studies, preliminary construction plans, hydraulic and hydrological studies, preliminary bridge plans, signing and marking plans, final right-of-way (ROW) plans (including revisions), erosion control plans, staging plans and final construction plans (including revisions through project final acceptance). All required engineering studies are considered part of the scope of services. All deliverables shall be in accordance with the Plan Development Process, Electronic Data Guidelines, Plan Presentation Guide, NEPA and the GDOT Environmental Procedures Manual.

The Consultant shall provide:

A. Complete Field Surveys:

- 1. Provide Survey Control Package.
- 2. Provide Inroads Survey Database.
- 3. Staking for Bridge Site Inspection.
- 4. Staking for ROW acquisition.

B. Concept Report:

- 1. Traffic Studies.
- 2. Cost Estimates.
- 3. Initial Concept Meeting Preparation and Attendance.
- 4. Concept Meeting Preparation and Attendance.
- Approved Concept Report.
- 6. Concept Design Data Book.
- 7. Public Involvement Plan (for GDOT's approval).

C. Environmental Document:

- Necessary Environmental Special Studies surveys reports and assessment of effects (i.e., Air, Noise, History, Ecology, and Archaeology).
- 2. NEPA documents:
 - a. Categorical Exclusion.
 - b. EA/FONSI.
 - c. Section 4f coordination.
 - d. One NEPA document reevaluation for Construction.
- 3. Preparation of a Section 404 Permit application.
- Section 408 Coordination.
- Aguatic Survey.
- 6. Stream Buffer Variance.
- 7. Preparation of a Vegetative Buffer application.
- 8. Public Involvement (1 possible detour/PIOH).
- 9. Prepare for and attend the PFPR and FFPR.

D. Preliminary Design:

- 1. Complete Preliminary Roadway Plans, including but not limited to:
 - a. Preliminary Bridge Plans.
 - b. Preliminary Signing and Marking Plans.
 - c. Preliminary ESPCP.
 - d. Preliminary Utility Plans.
 - e. Preliminary Staging Plans.
 - f. Drainage Design including MS4, if applicable.
- 2. Bridge Hydraulic Study.

Addendum No. 1 RFQ 484-052819, Batch #1 – 2019 Engineering Design Services Page 4 of 7

- 3. BFI Report.
- 4. Pavement Evaluation/UST/Soil Survey.
- 5. Constructability Meeting participation.
- 6. Cost Estimation with annual updates.
- 7. Location and Design Report.
- 8. PFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).

E. Right-of-Way (ROW) Plans:

- 1. Prepare ROW plans and coordinate ROW staking.
- 2. Right of Way revisions during acquisition, as needed.

F. Utilities:

Subsurface Utility Engineering.

G. Final Design:

- 1. Complete Final Roadway Plans, including but not limited to:
 - a. Final Bridge Plans (LRFD).
 - b. Final Signing and Marking Plans.
 - c. Final ESPCP.
 - d. Final Utility Plans.
 - e. Final Staging Plans.
 - f. Final Drainage Design including MS4.
- 2. FFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).
- 3. Corrected FFPR Plans.
- 4. CES Final cost estimate.
- 5. Final PS&E Package.
- 6. Amendments & Revisions.

H. Construction:

- 1. Use on Construction Revisions.
- 2. Review Shop Drawings.
- I. Quality Control/Quality Assurance Reviews for all deliverables.
- J. Attendance in and meeting minutes of monthly meetings to discuss progress and/or issues (additional meetings may be required to resolve major project issues).

7. Key Team Leaders:

- A. Roadway Design.
- B. Bridge Design.
- C. NEPA Lead.
- 8. The following milestone dates are proposed:
 - A. Preliminary Engineering (PE) Notice to Proceed Q2 FY 2020.
 - B. Limited Concept report submittal Q3 FY 2020 (about 4 months duration).
 - C. PFPR Q2 FY 2021.
 - D. FFPR Q1 FY 2023.
 - E. Let Contract Q2 FY 2023.

III. Exhibit I-3, Contract 3 is deleted in its entirety and replaced with the following:

EXHIBIT I-3

Contract 3

ADDENDUM NO. 2

ISSUE DATE: 5/16/2019

This Addendum shall become and form a part of the RFQ for:

RFQ 484-052819 - Batch #1 - 2019 Engineering Design Services

NOTE: PLEASE REVIEW CAREFULLY! THERE MAYBE CHANGES TO THE INFORMATION TO BE PROVIDED. FAILURE TO ADHERE TO ANY CHANGES ADDRESSED IN THIS ADDENDUM MAY RESULT IN DISQUALIFICATION.

In the event of a conflict between previously released information and the information contained herein, the latter shall control.

NOTE: A signed acknowledgment of this addendum (this page) MUST be attached to your SUBMITTAL for Phase I.

Firm Name	
Signature	Date
Typed Name and Title	

Georgia Department of Transportation (GDOT)
Office of Transportation Services Procurement
One Georgia Center
600 West Peachtree Street, NW
19th Floor
Atlanta, Georgia 30308

This Addendum, including all questions and answers, shall become and form a part of the original RFQ package and shall be taken into account when preparing your proposal.

The purpose of this Addendum is to modify the original RFQ to include the Project Consideration Checklist.

Project Consideration Checklist - RFQ-484-052819 Batch 1 - 2019

This form must be completed and included in the Statement of Qualifications as the last page with applicable boxes checked.

This form will NOT be counted in the maximum number of pages.

The submitted team meets the prequalification requirements for <u>all</u> projects and would like to be considered on <u>all projects</u>.

OR

ALL

The submitted team meets the prequalification requirements and would like to be considered on the following checked contracts.

GDOT GUIDE FOR SELECTION COMMITTEE MEMBERS RFQ 484-052819

Batch #1 - 2019 Engineering Design Services

Contract #5, PI #0013120

This ENTIRE GUIDE must be reviewed carefully by all Selection Committee Members BEFORE the evaluation of submittals.

Coordination and Communication

Folayan Battle will coordinate the overall submittal evaluation process and serve as Facilitator of any Selection Committee Meetings through the completion of the evaluation. All Committee members will be provided copies of submittals and related information, and will be notified of any proposed (if applicable) meetings, conference calls, and deadlines. IMPORTANT-All written communication (e-mails, memos, scoresheets, handwritten notes in SOQs, etc.) related to the evaluation can be subject to public record. Therefore, all such communication should be limited to objective and verifiable information.

Evaluation Process

The evaluation and scoring will be handled in two phases. Phase I will be the evaluation of the written Statements of Qualifications received from all respondents. Phase II will be the evaluation of the written responses from the Finalists. The scoring for the Finalists will be carried forward from Phase I and added to the scores from Phase II to determine the highest ranked Finalists and hence with whom negotiations will be initiated. The criteria to be utilized in the evaluation and scoring are as follows:

Phase I

- PM, Key Team Leader(s), and Prime's Experience and Qualifications (30% or 300 Points)
 - PM, Key Team Leader(s), and Prime's Resources and Workload Capacity (20% or 200 Points)

Phase II

- Technical Approach (40% or 400 Points)
- Past Performance (10% or 100 Points)

Phase I **Evaluation of Statements of Qualifications**

Evaluation of Eligible Submittals

Submittals determined eligible must be read thoroughly with careful attention to the presence of required submittal content. The reader should keep the evaluation criteria in mind when assessing each submittal. As Reviewers read the responses, they will determine the rating for each criteria as follows:

- Poor = Does Not have minimum qualifications/availability
- Marginal = Meets Minimum qualifications/availability but one or more major considerations are not addressed or is lacking in some essential aspects
- Adequate = Meets minimum qualification/availability and is generally capable of performing work
- More than meets minimum qualifications/availability and exceeds in some aspects Good =
- Excellent = Fully meets qualifications/availability and exceeds in several or all areas

Directions for use of the Evaluation Preliminary Scoring Forms:

Scoring forms will be distributed to all Selection Committee members along with copies of submittals which were received and validated. Evaluators will have the option of using the hard copy forms or an electronic version of the form. However, to ensure that Open Records Request can be filled in compliance with the law, Evaluators who choose to use the electronic version of the form should only maintain one version of the form and must provide the electronic version of the form to Procurement. Each evaluator will use their numbered scoring form for scoring all submittals. Evaluators must ensure that the name of the Firm being evaluated is written in the appropriate box to identify the Firm to whom the ratings and comments belong. Using the criteria categories in Evaluation of Eligible Submittals above, each submittal will be given a preliminary v. 3-24-15

score for each of the criteria. The Reviewer should provide comments for each section which support the rating. Reviewers should not seek to write down everything that the submittal contains. Rather, Reviewers should first determine the rating and then answer why they feel the rating is warranted.

The review, preliminary scoring, and comments MUST be completed prior to the Selection Committee Meeting and must be sent to the Procurement Facilitator by the deadline given in order to make efficient and effective usage of all Selection Committee Members time.

SPECIAL INSTRUCTIONS FOR EVALUATING AVAILABILITY

Through working with the consultant industry, they asked that when considering their availability, we consider more than merely the number of projects they have listed. With this in mind we have allowed space in their SOQ for the respondents to provide a narrative in their ability. This narrative will allow them to discuss how the organization of the team, including the PM and Key Team Leaders can deliver the project on schedule given their workload capacity. It also recognizes that some individuals may be able to meet the schedule while carrying heavier project workloads and allows them to discuss the advantages of their team and the abilities of their team members which will enable the project to meet the proposed schedule. If there is no schedule provided, they can discuss the advantages of the team and abilities of the team members which will enable the project to move as expeditiously as possible. You MUST consider this narrative along with the workload table when rating the SOQs. You MUST NOT merely look at the workload table solely for making the rating decision.

Evaluation Meeting:

All completed Scoring Forms with the <u>preliminary scores</u> and <u>comments</u> for each criteria of each firm, must be brought to the Selection Committee Meeting planned for Monday, July 08, 2019. The completed forms must be turned in at the conclusion of the meeting.

Prior to the meeting, the Facilitator will use the scores and subsequent ranks to determine where the majority of the discussion should be focused. Generally, the majority of the discussion will center on the top submittals. The Selection Committee will discuss and determine a final committee rating for each criteria and will provide summary comments as to why the Committee feels the rating is warranted.

The final rankings will be used to determine the three to five Finalists who will proceed and have their scores carried forward to Phase II of the evaluation.

It is important to note, that all evaluation scoring, notes, and comments will be subject to open records and there is a very high likelihood they will be reviewed by a wide variety of individuals. For this reason, it is extremely important to adhere to all guidelines and suggestions contained in this Guide for Selection Committee Members.

Phase II Evaluation of Technical Approach and Past Performance

- Finalists will be required to submit a written response which must detail the Technical approach (including design concepts and use of alternative methods).
- Past Performance Procurement will be checking references and will provide the results of the reference checks to the Selection Committee. The Selection Committee will also be allowed to bring any information for consideration they have available regarding the Firm's performance on any project/contract.

Submittals and Past Performance information must be read/considered thoroughly with careful attention to the presence of required <u>submittal content</u>. The reader should keep the <u>evaluation criteria</u> in mind when assessing each submittal. As Reviewers read the responses, they will make notes in the submittals and must be prepared to discuss their position in the Selection Committee Meeting for Phase II. The review and notes MUST be completed prior to the Selection Committee Meeting.

Evaluation Meeting:

All notes must be brought to the Selection Committee Meeting planned for TBD. The Selection Committee will discuss and determine a final committee rating for each criteria and will provide summary comments as to why the Committee feels the rating is warranted. The Committee will assign the following ratings:

- Poor = Does Not have minimum qualifications/availability
- Marginal = Meets Minimum qualifications/availability but one or more major considerations are not addressed or is lacking in some essential aspects
- Adequate = Meets minimum qualification/availability and is generally capable of performing work
- Good = More than meets minimum qualifications/availability and exceeds in some aspects
- Excellent = Fully meets qualifications/availability and exceeds in several or all areas

FINAL SCORING AND SELECTION

The scores from Phase I and Phase II will be added together and a final overall ranking will be determined and provided for Selection Committee approval.

RFQ	RFQ-484-052819	PHASE 1 St	JMMARY COMMENTS FOR TOP SUBMITTALS
Firm	Parsons Transportation Group, Inc.	# of Evaluators	
Experienc	e and Qualifications	Assigned Rating	Good

PTG's PM has the relevant experience and listed seven projects that included roundabouts. PM also listed this project in Monroe where he worked as PM on intersection improvement. Roadway Lead listed 21 years of experience and presented two projects that included roundabouts. NEPA has served as lead and authored EA documents. As Prime PTG listed projects that included intersections and roundabouts. PM and Roadway Lead have worked together on two of the projects listed by Prime.

Resources and Workload Capacity Assigned Rating Good

PTG organizational chart very detailed. All the Leads show sufficient availability.
Additional resource narrative also detailed and presented risks and how to mitigate issues such as constructability.

RFQ	RFQ-484-052819	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm	Vanasse Hangen Brustlin, inc.	# of Evaluators	
Experienc	e and Qualifications	Assigned Rating	Good

VHB PM has extensive experience managing roundabout projects and listed six projects with four of them being projects with roundabouts. Roadway Lead listed three roundabout projects that he led. NEPA lead is a historian but has managed environmental projects for many years and has extensive experience. As Prime VHB listed six projects that included roundabouts and the Leads have worked together on several projects.

Resources and Workload Capacity Assigned Rating Good

VHB organizational chart has depth and included QA person that is a roundabout subject matter expert. The team shows sufficient availability to complete the project.

RFQ	RFQ-484-052819	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	SE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS
Firm	Michael Baker International, Inc.	# of Evaluators	
Experience	e and Qualifications	Assigned Rating	Good

MBI PM detailed his responsibilities as PM, listed 20 years experience and 5 projects that included roundabouts. Roadway Lead has 14 years experience and of the projects presented one included a roundabout. NEPA has over 40 years experience, is an Ecologist and has experience working with CORE. MBI as Prime listed 5 projects that included roundabouts and the team worked together on two of the projects.

Resultrops and Workload Capacity Assigned Rating Good

MBI addressed and included discussion of entire team including the leads in the additional narrative. PM has over half of his time dedicated to other projects but the other leads show good availability. Organizational Chart lists 6 road and 3 traffic ops staff.

Ехрепелс	e and Qualifications	Assigned Rating	Adequate

TSC PM has 24 years of experience and listed 7 projects that included roundabouts. Roadway Lead has 25 years experience and presented 1 project with roundabout although he didn't provide a detailed description of his roadway design lead experience with roundabouts. NEPA has 16 years experience managing environmental documentation for a variety of projects. TSC as Prime listed 3 roundabout projects with PM and Roadway Lead having worked on one of the projects together.

Resources and Workload Capacity Assigned Rating Good

TSC organizational chart detailed, included a QA/QC for environmental and listed 4 roadway and 3 traffic ops staff. All leads show sufficient availability. Additional narrative discussed QA/QC in regards to roundabout expertise.

RFQ	RFQ RFQ-484-052819		SE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS
Firm	CHA Consulting, Inc.	# of Evaluators	
Experienc	e and Qualifications	Assigned Rating	Adequate

CHA PM has 27 years experience and listed 2 projects that included roundabouts. Roadway Lead in addition to being PE also has PTOE and 32 years experience, listed 4 projects that include roundabouts plus an additional 30 roundabouts where he led CHA staff on analysis and design. NEPA has 17 years experience managing environmental documentation for a variety of projects. CHA as Prime listed 5 projects with roundabouts and included 2 of the leads.

Resources and Workload Capacity Assigned Rating Excellent

CHA organizational chart listed 5 roadway and 3 traffic ops staff with 2 roundabout SMEs. Additional narrative detailed, included QA/QC, participation from nationally recognized leader in RABs. The Leads all have good availability.

RFQ	RFQ-484-052819	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm Mott MacDonald LLC		# of Evaluators	
Expenent	e and Qualifications	Assigned Rating	Good

MM PM has 24 years experience and listed 5 projects that included roundabouts but did not provide details about PM responsibilities. Roadway Lead 38 years experience with 4 projects that included roundabouts. NEPA has 16 years experience managing environmental documentation for a variety of projects. MM as Prime listed 5 projects that included roundabouts but the leads have not worked together on any of the projects.

Resources and Workload Capacity Assigned Rating Adequate

MM organizational chart detailed and included 4 roadway and 3 traffic ops staff, plus roundabout QA. Roadway Lead has heavy commitments out of state in NC. PM and NEPA have sufficient availability. Additional narrative detailed discussion on QA/QC process.

SELECTION OF FINALISTS

RFQ-484-052819 Batch #1 – 2019 Engineering Design services

The Georgia Department of Transportation is pleased to announce the selection of the following firms as finalists regarding the above RFQ:

Contract #1: PI# 0014941, Glynn County Heath & Lineback Engineers, Inc.

Holt Consulting Company, LLC

Lowe Engineers, LLC

Michael Baker International, Inc.

Parsons Transportation Group, Inc.

TranSystems Corporation

Contract #2: PI# 0016126 and 0016127, Butts County

American Consulting Professionals, LLC

KCI Technologies, Inc.

Lowe Engineers, LLC

Moreland Altobelli Associates, Inc.

Parsons Transportation Group, Inc.

Contract #3: PI# 0016128, McDuffie and Wilkes Counties

Barge Design Solutions, Inc.

Lowe Engineers, LLC

Moffatt & Nichol

Mott MacDonald, LLC

R.K. Shah & Associates

Contract #4: PI#s 0016129 and 0016130, Jones and Monroe Counties

Clark Patterson Engineers, Surveyor and Architects, PC

Lowe Engineers, LLC

Michael Baker International, Inc.

Parsons Transportation Group, Inc.

STV Incorporated d/b/a STV Ralph Whitehead Associates

Contract #5: PI# 0013120, Monroe County

American Consulting Professionals, LLC

Mead and Hunt, Inc.

Michael Baker International, Inc.

Parsons Transportation Group, Inc.

Pond & Company

Vanassee Hangen Brustlin, Inc.

Contract #6: PI# 0015151, Chatham County

American Engineers, Inc.

Heath & Lineback Engineers, Inc.

Michael Baker International Inc.

Moffatt & Nichol

NOTICE TO SELECTED FINALISTS - REVISED

To: American Consulting Professionals, LLC; Mead and Hunt, Inc.; Pond & Company; Michael Baker International, Inc.; Parsons Transportation Group, Inc. and Vanassee Hangen Brustlin, Inc.

Please send an e-mail confirming receipt of this notice to Folayan Battle (fbattle@dot.ga.gov).

Re: RFQ 484-052819, Batch #1 – 2019 Engineering Design Services, Contract #5, PI# 0013120, Monroe County

On behalf of the Selection Committee for the Request for Qualifications (RFQ) referenced above, we congratulate you and your firm on being selected as a finalist for further consideration. This notice shall serve as an official request for additional required information and action from finalists. Please refer to the original solicitation (RFQ-484-052819), page 9, VII. Instructions for Preparing Technical Approach and Past Performance Response – Phase II Response, A&B and pages 10-12, IX. Instructions for Submittal for Phase II – Technical Approach and Past Performance Response, A-D for instructions to submit your package. As a finalist, your firm is required to comply with the written instructions and remaining schedule below:

A. Technical Approach - 40%

This information will be limited to a maximum of three (3) pages.

Furnish information that may serve to differentiate your firm from other firms and evidence of the firm's fit to the project and/or needs of GDOT, including:

- 1. Provide any unique technical approaches your firm offers relative to addressing anticipated design concepts, use of any alternative methods for delivery (if applicable), and/or management of the project.
- Identify any unique challenges of the project and how your firm intends to mitigate these challenges, including
 quality control, quality assurance procedures. Provide any specific qualifications, skills, knowledge of the project
 and project area which may uniquely benefit the firm and project, and your ability and willingness to meet time
 requirements.

B. Past Performance - 10%

No additional information should be submitted to fulfill this requirement. Information from the relevant projects listed as well as information on file with the Department will be used to fulfill this requirement.

Remaining Schedule

 d. GDOT completes evaluation and issues notification and other information to finalist firms 	09/03/2019	h
e. Deadline for submission of written questions from finalists	09/20/2019	2:00 PM
f. Phase II Response of Finalist firms due	10/01/2019	2:00 PM

Notice to Selected Finalists RFQ 484-052819, Batch #1 – 2019 Engineering Design Services, Contract #5, Pl0013120, Monroe County Page 2 of 2

C. Finalist Selection

Final selection will be determined by carrying the scores from **Phase I** forward for each Finalist and by evaluating the **Technical Approach** and **Past Performance** criteria for **Phase II**. For each evaluator, the points assigned to each criterion will be totaled and a rank will be determined. The rankings of all evaluators will be totaled for each finalist in order to determine the sum of the individual rankings. The finalists will be ranked in descending order of recommendation using the sum of individual rankings from the Selection Committee members. Should a tie exist for the highest ranking firm on the contract/project, and qualifications appear to be equal, the Selection Committee shall defer to the sum of the individual points and the award shall be made to the finalist with the highest sum.

Negotiations will then be initiated with the top-ranked firm to finalize the terms and conditions of the contract, including the fees to be paid. In the event a satisfactory agreement cannot be reached with the highest-ranking firm, GDOT will formally terminate the negotiations in writing and possibly enter into negotiations with the second highest-ranking firm, and so on in turn until a mutual agreement is established and GDOT awards a contract. The final form of the contract shall be developed by GDOT.

Please address any questions you may have to Folayan Battle, and congratulations, again, to each of you!

Folayan Battle fbattle@dot.ga.gov 404-631-1466

RFQ	RFQ-484-052819	PHASE 2 SUMMARY COMMENTS		
Firm	Parsons Transportation Group, Inc.			
Technical A	Approach	Assigned Rating	Good	

PTG's approach is to build on their track record with similar type projects and to lead with an experienced former GDOT PM with historical knowledge of the project site. Aware of past issues with this project, PTG presents the potential preferred alternative design to be a "dog bone" round about to address previous designs constraints of ROW and staging concerns. PTG proposes to use risk register to address concerns by developing early mitigation strategies and did a good job detailing their understanding of risks associated with this projects construction staging, ROW and maintenance of traffic and how to mitigate potential challenges. PTG proposal of a 3 phase task order procurement plan that separates Concept, Preliminary and Final plans may assist with a more fluid procurement process and result in early NTP.

Past Performance Assigned Rating Good

Evaluators with previous experience working with PTG agree that the PM has extensive experience with project area and was a part of original project. Evaluators also noted that PTG is known to be responsive and provide attention to engineering detail and that PTG's quality control procedures are the basis for GDOT design procedures. All 5 of PTG's Past Performance references rated PTG as having met or exceeded expectations on projects that included roundabouts similar to this proposed project. Based on the past performance scores and Evaluators prior knowledge of PTG's work performance the Evaluators agree to score of Good.

RFQ	RFQ-484-052819		PHASE 2 SUMMARY COMMENTS	
Firm	Vanassee Hangen Brustlin, Inc.			
Technical Approach		Assigned Rating	Adequate	

VHB's roundabout subconsultant has extensive experience designing and reviewing roundabouts and has completed the feasibility study for this project. VHB's approach to 4F and a potentially eligible historic property (the farm) seems inconsistent. The proposed alternative design was not detailed and only identified avoidance of farm property. VHB discussed importance of Public Involvement but failed to include public coordination in their section discussing meeting the schedule.

Past Performance Assigned Rating Excellent

The Evaluators that have worked with VHB on past projects agree that VHB's PM is proficient at delivering projects and the environmental section is very responsive and knowledgeable of environmental processes. Based on the past performance reference that scored VHB as exceeded expectations on a roundabout project in Henry County and the Evaluators past experience working with VHB the Evaluators agree with score of Excellent.

RFQ	RFQ-484-052819		PHASE 2 SUMMARY COMMENTS
Firm	Michael Baker International		
Technical	Approach	Assigned Rating	Adequate

MBI presents their main asset is their nationally recognized professional roundabout expert engineer and the firms design of 9 other roundabouts in the state. QC/QA lacked detail even though they say they take QC/QA seriously. With the maintenance of traffic and construction staging they identify it as a challenge but did not give solutions to mitigate potential issues. MBI proposed a streamlined 2 phase procurement approach to eliminate procurement delays. MBI misidentified terminology associated with cultural resources by utilizing Phase II AOE (Phase II is inaccurate).

Past Performance Assigned Rating Excellent

Evaluators are familiar with MBI's QC/QA team member as a former GDOT designer and agree they have experience with reviewing projects both from design and construction. Evaluators agree with score of Excellent based on the 3 past performance references that rated MBI as exceeded expectations and the prior experience of Evaluators familiar with MBI team.

RFQ	RFQ-484-052819		PHASE 2 SUMMARY COMMENTS
Firm	American Consulting Professionals, LLC		
Technical Approach		Assigned Rating	Good
ACP	presented knowledgeable	summary of propos	ed project including environmental

ACP presented knowledgeable summary of proposed project including environmental desktop review. ACP's approach is to complete traffic study and to analyze 4 alternatives including GDOT recommended single lane roundabout. ACP addressed scoping and negotiation as means to streamline NTP. ACP's QC/QA program utilizes fresh eyes and day to day checks.

Past Performance Assigned Rating Adequate

One of the evaluators with experience working with ACP's team acknowledges that ACP's environmental team members have experience with environmental process. The Evaluators agreed to score of adequate based on ACP not having any past performance references to review and past experience with ACPs environmental team.

RFQ	RFQ-484-052819		PHASE 2 SUMMARY COMMENTS
Firm	Mead and Hunt, Inc.		
Technical Approach		Assigned Rating	Adequate

MH presented sufficient understanding of project including environmental desktop review. MH's approach describes role of each major focus area. MH approach lacked detail on unique challenges associated with project. MH did present a concern for profile grades and sight distance improvements, however this does not seem to relate to this project. MH approach seems very high level and lacked project specific details.

Past Performance Assigned Rating Excellen

Evaluators noted that MH is currently working on GDOT historical bridge survey update and are proving to be an asset to the project, also based on the 6 past performance reviews that rated MH as exceeded expectations on all projects the Evaluators agree to score of Excellent.

RFQ	RFQ-484-052819		PHASE 2 SUMMARY COMMENTS
Firm	Pond & Company		
		Assigned Rating	Adequate

PC's approach and design solutions reference the wrong project (SR 22 & 24) in several areas. Approach to EJ for "multiple mobile homes" does not seem applicable to this project. The lighting discussion is not commensurate with existing conditions.

Past Performance Assigned Rating Good

Not having worked with PC and unable to identify any past projects that PC had worked on for GDOT the Evaluators agreed with score of good based solely on the two past performance references that rated PC as having met and/or exceeded expectations on roadway projects.

Title TIA Preconstruction Manager

Email Address george.brewer@aecom.com

Phone Number 706-832-0917

Q2 A conflict of interest may exist when an individual engages in activities which may financially or otherwise benefit themselves, their relatives or other individuals with whom they are personally or financially involved as a result of knowledge, information or action taken in an official capacity. A conflict of interest may exist where there is no actual benefit to the individual. The mere presence of the opportunity may create the conflict. Based on the above definition of conflict of interest, is there any circumstance whereby a conflict of interest (real or perceived) exists and therefore would cause you to recuse yourself from completing this survey?

No

Page 1: Contact Information and Conflict of Interest

Q1 Contact Information

Name Frank Fabian

Company

Title Senior Project Manager

Email Address frank.fablan@vdot.virginia.gov

Phone Number 757.857.8959

Q2 A conflict of interest may exist when an individual engages in activities which may financially or otherwise benefit themselves, their relatives or other individuals with whom they are personally or financially involved as a result of knowledge, information or action taken in an official capacity. A conflict of interest may exist where there is no actual benefit to the individual. The mere presence of the opportunity may create the conflict.Based on the above definition of conflict of interest, is there any circumstance whereby a conflict of interest (real or perceived) exists and therefore would cause you to recuse yourself from completing this survey?

No

Page 2: Consultant Reference Check Survey

Q3 Rate the firm's quality of leadership in 3 · Met program/project management for your project expectations

Q4 Rate the overall services of the firm's staff for the duration of the project 5 - Exceeded expectations

Q5 Rate the firm's ability to meet the established project goals

3 - Met expectations

GDOT RFQ 484-052819 Consultant Reference Check Survey for Parsons Transportation Group, Inc. VDOT = Military Highway Continuous Flow Intersection

Q6 Rate the firm's technical assistance in program/project management

3 - Met expectations

Q7 Rate the overall success of the project thus far

5 - Exceeded expectations

Q8 Please provide comments to substantiate your ratings

PTG was the design arm on this D-B project. I thought they were very responsive and had the appropriate resources to accomplish the objectives.
