

# FACTSHEET

Date: Tuesday, July 09, 2013

## **Project Name: Widening of County Road 455/Bethelview Road from County Road 6/Castleberry Road to State Route 20**

**Project Number:** CSSTP000900316

**PI Number:** 0009316

**Brief, general description:** The Georgia Department of Transportation is in the preconstruction stages of a proposed project to widen and reconstruct Bethelview Road from CR 6/Castleberry Road to SR 20.

**Project Location:** The project is located along CR 455/Bethelview Road from CR 6/Castleberry Road to SR 20 in Forsyth County, Georgia.

**Proposed Project Description:** The proposed project begins at Castleberry Road and terminates at SR 20 for a length of 5.02 miles. The project would improve safety and capacity on Bethelview Road through widening, alignment modifications, addition of a raised median, and the reconfiguration and/or reconstruction of a number of existing intersections to provide adequate turn lanes and traffic storage capacity.

**Preconstruction Info:** The project is currently under final design with right-of-way acquisition in progress.

### **Project Schedule:**

**Public Involvement Phase:** PIOH held August 2001

**Let Date:** January 2015

**Construction Start Date:** April 2015 (estimated)

**Construction Duration:** 24 months (estimated)

### **Background:**

The concept for this project was initially approved on February 13, 2001, under the project number STP00-2348-00(003) and PI number 141880, which consisted of widening and reconstructing Bethelview Road between SR 9 and SR 20 from a two-lane undivided to a four-lane divided highway with a 20-foot raised median. At the request of Forsyth County, the project was split to create PI 0009316, with project limits from Castleberry Road to SR 20.
