In this handout package you will find a project description, a location map, and a comment card.

As you enter the room, you will notice displays of the proposed improvement concept. Georgia Department of Transportation (GDOT) representatives, who can be identified by the nametags they are wearing, are available to discuss the project and answer your questions. Please take this opportunity to discuss the project with a GDOT representative. There will be no formal presentation.

A court reporter will be available for those persons who would like to make a verbal statement about the project. You may also complete a comment card and deposit it into the box provided here, or send in written comments about the project until June 3, 2014. Written comments should be sent to Hiral Patel, P.E., State Environmental Administrator, Georgia Department of Transportation, 600 West Peachtree Street NW, 16<sup>th</sup> Floor, Atlanta, Georgia 30308. Comments can also be made via the web at [www.dot.ga.gov](http://www.dot.ga.gov). On the home page choose "Information Center" and then "Public Outreach." Next select "Floyd" as the county and choose "Go." A list of active DOT projects in the county will appear. Select the "SR 101 Improvements" to view. Click on "Comment" to complete the submission form. All comments will be made a part of the project record. We hope you will take advantage of one of these opportunities to let GDOT know your view of the proposal.

The displays and plans will be available for review for ten days after the public information open house at the Georgia Department of Transportation GDOT District 6 Office located at 500 Joe Frank Harris Parkway, Cartersville, GA. A copy of all comments received will be available for public review at this same location and at the Georgia Department of Transportation, Office of Environmental Services, 600 West Peachtree Street NW, 16<sup>th</sup> Floor, Atlanta, Georgia 30308, as soon as compilation is completed.
