

Project Description

BR-0000-00(677), Chattooga County, PI #0000677

CR 87/Peach Orchard Road Bridge Replacement over Alpine Creek

The project proposes to replace the existing GDOT Bridge over Alpine Creek on CR 87/Peach Orchard Road, 1.0 mile southeast of the City of Menlo in Chattooga County. The existing typical section consists of two 8' travel lanes with 2' rural shoulders on 40' of right-of-way. The existing bridge structure is 27' x 15'. The proposed typical section would consist of two 12' travel lanes with 5' rural shoulders. The proposed bridge structure would be a new 128' x 30' concrete bridge and would be constructed at the existing bridge site. Proposed additional right-of-way would range from 35' to 100' on the south side of Peach Orchard Road and 35' to 50' on the north side of Peach Orchard Road. This portion of the roadway would be closed during construction and traffic would be maintained utilizing an off-site detour consisting of SR 337 and SR 48, and CR 86, CR 85, SR 337 and CR 87/Peach Orchard Road. The project begins at approximately MP 1.61 and ends at approximately MP 1.21 for a total project length of 0.40 mile.
