August 24, 2004

Thank you for attending this evening's Public Information Open House for the proposed Bay Street Improvements from I-516 to East Lathrop Avenue. In this handout package you will find a project description, project location map, and a comment form.

As you enter the room, you will notice displays of the proposed project. Project representatives, who can be identified by the nametags they are wearing, are available to discuss the project and answer your questions. Please take this opportunity to discuss the project with a project representative. There will be no formal presentation.

A court reporter will be available for those persons who would like to make a verbal statement about the project. You may also complete a comment form and deposit it into the box provided here or send in written comments about the project until September 3, 2004. Written comments should be sent to Mr. Harvey D. Keepler, State Environmental/Location Engineer, Georgia Department of Transportation, 3993 Aviation Circle, Atlanta, Georgia 30336-1593. All comments will be made a part of the project record. We hope you will take advantage of one of these opportunities to let the Department know your view of the proposal.

The displays and plans will be available for review for ten days after the open house at the Georgia Department of Transportation Savannah Area Office located at 630 West Boundary Street, Savannah, Georgia, 31402, and at the Chatham County Engineering Department located at 124 Bull Street, Room 430, Savannah, Georgia, 31401. A copy of all comments received will be available for public review at these same locations, as soon as compilation is completed.

Again, thank you for attending this open house and for giving us your comments.

Sincerely,

Thomas L. Turner, P. E.
Director of Preconstruction
