LARRY E. DENT
DEPUTY COMMISSIONER
(404) 656-5212

EARL L. MAHFUZ
TREASURER
(404) 656-5224

Thank you for attending the detour open house for NHS-0003-00(621), P.I. No. 0003621, the proposed I-20 interchange at County Road 21/Three Points Road. In this handout package you will find a project description with the proposed detour route, detour/project location map and comment card.

As you enter the room, you will notice displays of the project with the proposed detour route. Department of Transportation (DOT) representatives, who can be identified by the nametags they are wearing, are available to discuss the detour route and answer your questions. Please take this opportunity to discuss the proposed detour route with a DOT representative. There will be no formal presentation.

You may complete a comment card and deposit it into the box provided here or send in written comments about the detour route until April 13, 2006. Written comments should be sent to Mr. Harvey D. Keeper, State Environmental/Location Engineer, Georgia Department of Transportation, 3993 Aviation Circle, Atlanta, Georgia 30336-1593. We hope you will take advantage of one of these opportunities to let the Department know your view of the proposal.

The displays and plans will be available for review for ten days after the detour open house at the Georgia Department of Transportation Area 3 Office located at 2971 Hwy 1 North, Louisville. A copy of all comments received will be available for public review at this same location and at the Office of Environment/Location, 3993 Aviation Circle, Atlanta, GA 30336-1593, as soon as compilation is completed.

Again, thank you for attending this detour open house and for giving us your comments.

Sincerely,

A handwritten signature in black ink that reads "Buddy Gratton" with a stylized flourish at the end.

Buddy Gratton, P.E.
Director of Preconstruction

PROJECT DESCRIPTION

Department Project NHS-0003-00(621) involves the proposed construction of a full-diamond interchange at Three Points Road and improving Three Points Road from SR 223 to the new interchange. The existing 32.5 foot wide by 283-foot long bridge over I-20 would be replaced by a 62-foot wide by 283-foot long structure due to existing sub-standard vertical clearance. This segment of Three Points Road would become part of the existing Thomson West Bypass. The proposed location of the interchange is approximately 3 miles east of the I-20/US 78 Interchange, and approximately 3 miles west of the Warren County line. Three Points Road will be widened to provide turn lanes at the ramp intersections.

DETOUR DESCRIPTION

Three Points Road will be closed to through traffic for the duration of the project within the project limits due to the replacement of the existing bridge. Local traffic will be able to access the area from either side of I-20 but will not be able to cross over I-20.
