ADA POLICY STATEMENT

The primary purpose of the Georgia Department of Transportation's (GDOT) Americans with Disabilities Act (ADA) Program is to ensure that pedestrians with disabilities have the opportunity to use the transportation system in an accessible and safe manner. As part of GDOT's regulatory responsibility under Title II of the ADA and Section 504 of the Rehabilitation Act of 1973 (504), the ADA ensures that recipients of Federal aid and State and Local entities that are responsible for roadways and pedestrian facilities are accessible and do not discriminate on the basis of disability in any GDOT program, activity, service or benefit they provide to the general public; and to ensure that people with disabilities have equitable opportunities to use the public rights-of-way system.

Vance C. Smith Jr.
