Thank you for attending the detour open house for BRZLB-239(3), P.I. No. 470950, the proposed bridge replacements. In this handout package you will find a project description with the proposed detour route, detour/project location map and comment card.

As you enter the room, you will notice displays of the project with the proposed detour route. Department of Transportation (DOT) representatives, who can be identified by the nametags they are wearing, are available to discuss the detour route and answer your questions. Please take this opportunity to discuss the proposed detour route with a DOT representative. There will be no formal presentation.

You may complete a comment card and deposit it into the box provided here or send in written comments about the detour route until January 29, 2007. Written comments should be sent to Mr. Harvey D. Keeper, State Environmental/Location Engineer, Georgia Department of Transportation, 3993 Aviation Circle, Atlanta, Georgia 30336-1593. We hope you will take advantage of one of these opportunities to let the Department know your view of the proposal.

The displays and plans will be available for review for ten days after the detour open house at the Georgia Department of Transportation Area 6, Engineers Office located at 511 North Webster Street, Cuthbert, Georgia 39840. A copy of all comments received will be available for public review at this same location and at the Office of Environment/Location, 3993 Aviation Circle, Atlanta, GA 30336-1593, as soon as compilation is completed.

Again, thank you for attending this detour open house and for giving us your comments.

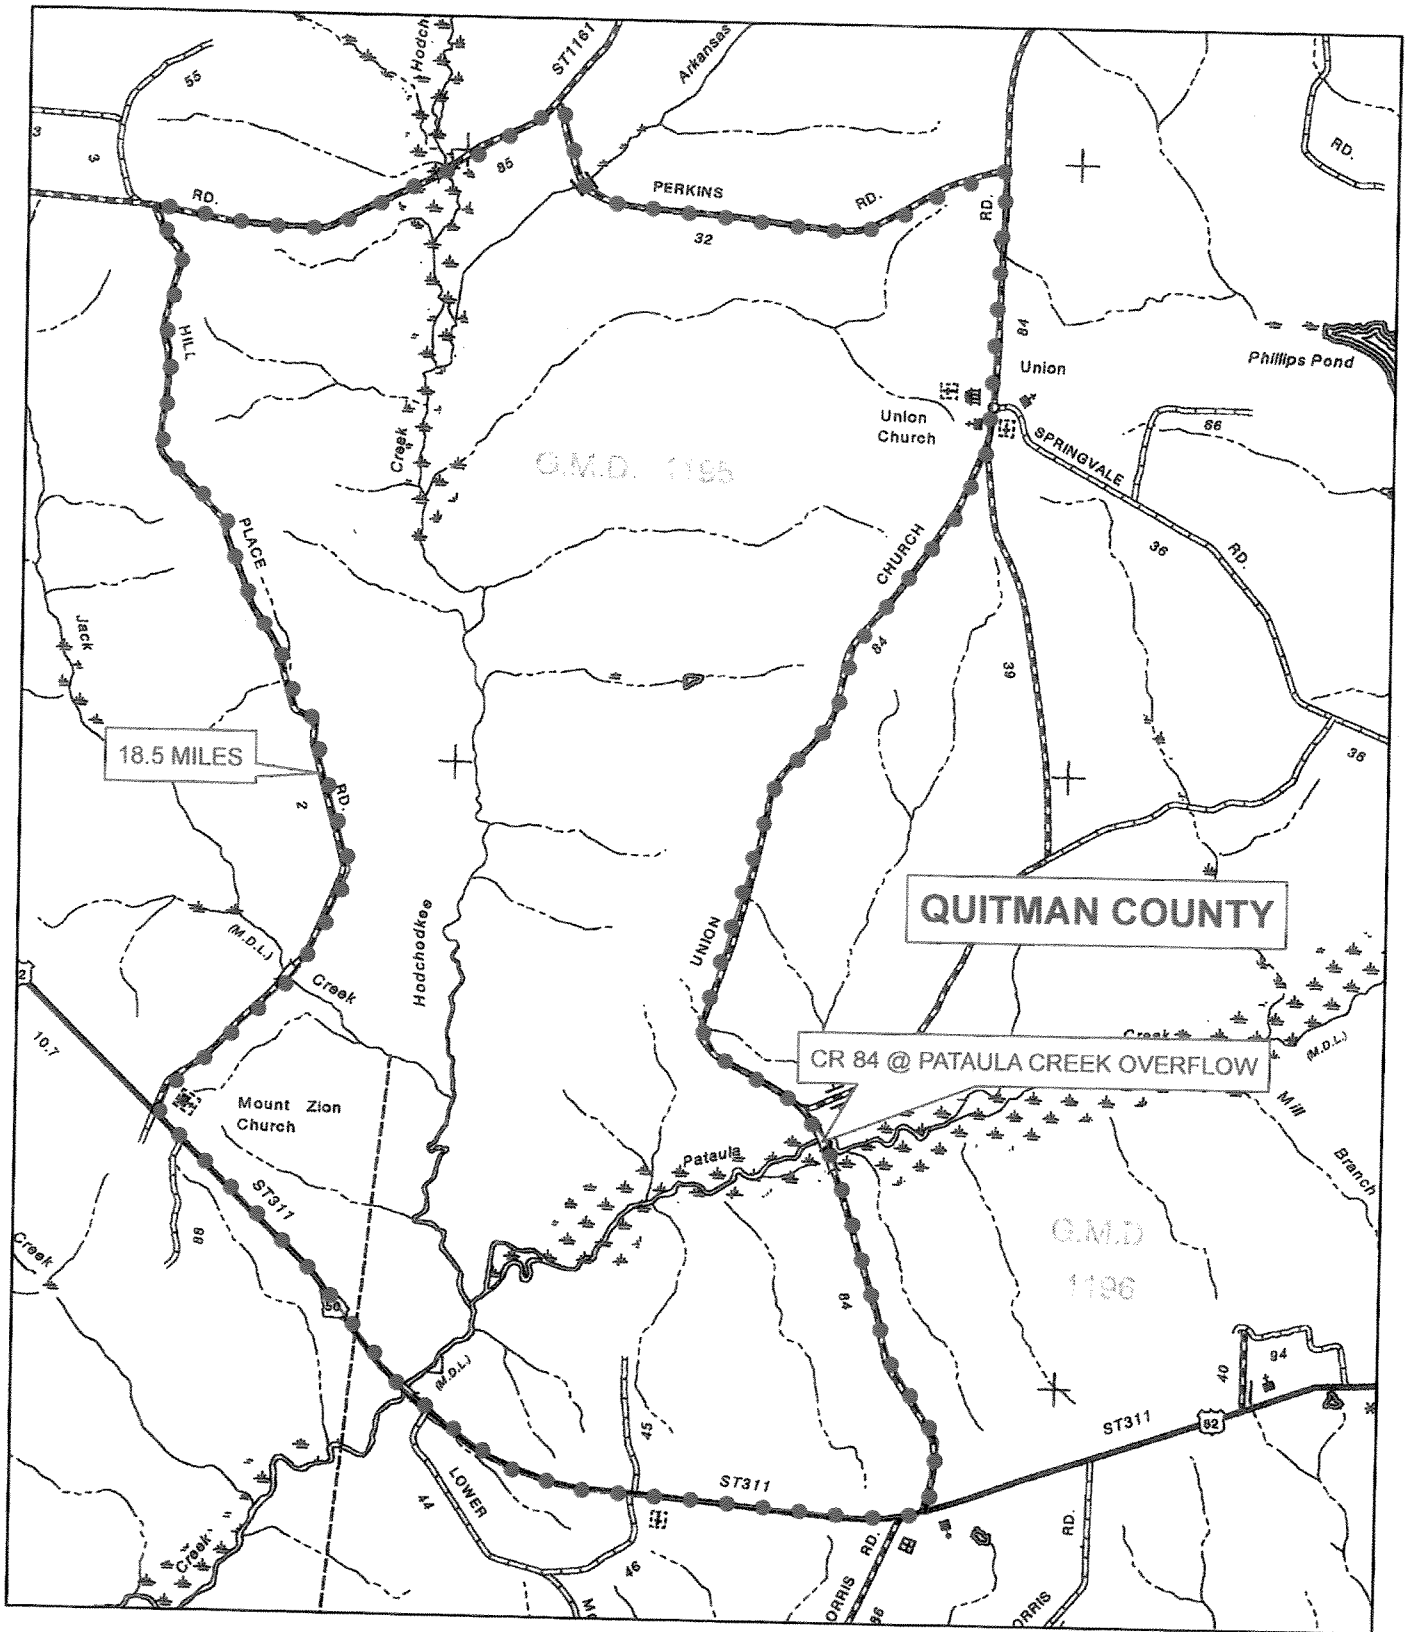

Sincerely,

A handwritten signature in black ink that reads "Todd Long/SBK".

Todd Long, P.E.  
Director of Preconstruction

**1-16-2007**  
**PROJECT DESCRIPTION**  
**BRZLB-239(3), Quitman County**  
**P.I. 470950**

Project BRZLB-239(3) will replace the existing bridges on County Road 84/Union Church Road over Pataula Creek Overflow and Pataula Creek located approximately 2.5 miles north of Morris, Georgia.. The existing 210'x 24' and 180'x24' concrete bridges will be replaced with 240'x28' reinforced concrete bridges on existing alignment. The project will be closed during construction and there will be an offsite detour provided by Quitman County. Existing right-of-way is 80 feet. Proposed right-of-way will be a maximum of 160 feet. Existing travels lanes are 10' with 5' rural shoulders. The proposed typical section will consist of two 10' travel lanes, 2' paved shoulders, and 5' rural shoulders. Total length of the project is 2100' or 0.398 mile.
