Thank you for attending the detour open house for CSBRG-0006-00(471), P.I. No. 0006471, the proposed replacement of the structurally deficient bridge on CR 69/Browns Crossing Road at Fishing Creek. In this handout package you will find a project description, project location map and comment card.

As you enter the room, you will notice displays of the proposed project. Department of Transportation (DOT) representatives, who can be identified by the nametags they are wearing, are available to discuss the detour route and answer your questions. Please take this opportunity to discuss the proposed detour route with a DOT representative. There will be no formal presentation.

You may complete a comment card and deposit it into the box provided here or send in written comments about the detour route until November 20, 2008. Written comments should be sent to Mr. Glenn Bowman, P.E., State Environmental/Location Engineer, Georgia Department of Transportation, 3993 Aviation Circle, Atlanta, Georgia 30336-1593. We hope you will take advantage of one of these opportunities to let the Department know your view of the proposal.

The displays and plans will be available for review for ten days after the detour open house at the Georgia Department of Transportation Area Office located at 161 Blandy Road, Milledgeville, Georgia 31061. A copy of all comments received will be available for public review at this same location and at the Office of Environment/Location, 3993 Aviation Circle, Atlanta, GA 30336-1593, as soon as compilation is completed.

Again, thank you for attending this detour open house and for giving us your comments. If you should have any questions or need additional information, feel free to contact the project manager Renee Decker at (478) 552-4659 or Jim Kitchings at (478) 553-2283.

Sincerely,

## **Project Description**

This project consists of the replacement of the structurally deficient bridge on CR 69/Brown's Crossing Road over Fishing Creek, 7.9 miles southwest of Milledgeville, Georgia. County Road 69 consists of one 9-ft travel lane in each direction with 5-ft rural shoulders. The proposed typical section shall consist of one 10-ft travel lane in each direction with 5-ft rural grassed shoulders. The existing bridge will be replaced with a 200-ft x 30-ft reinforced concrete bridge. The existing roadway will be closed during construction, and Baldwin County will be responsible for the signing and maintenance of detour routes. County Road 69 has an existing right of way width of 80 feet. No additional right will be needed; however, Baldwin County will be responsible for the purchase of the proposed easement widths varying from 5 to 10 feet.
