Thank you for attending the public information open house for STP-081-1(12), P.I. No. 122015, the proposed widening and reconstruction of SR 306. In this handout package you will find a project description, location map and comment card.

As you enter the room, you will notice displays of the proposed project. Department of Transportation (DOT) representatives, who can be identified by the nametags they are wearing, are available to discuss the project and answer your questions. Please take this opportunity to discuss the project with a DOT representative. There will be no formal presentation.

A court reporter will be available for those persons who would like to make a verbal statement about the project. You may also complete a comment card and deposit it into the box provided here or send in written comments about the project until March 1, 2007. Written comments should be sent to Mr. Harvey D. Keeper, State Environmental/Location Engineer, Georgia Department of Transportation, 3993 Aviation Circle, Atlanta, Georgia 30336-1593. Comments can also be made via the web at www.dot.state.ga.us. Click on **Public Outreach** from the list of Featured Links. All comments will be made a part of the project record. We hope you will take advantage of one of these opportunities to let the Department know your view of the proposal.

The displays and plans will be available for review for ten days after the public information open house at the Georgia Department of Transportation Gainesville Area Office located at 2594 Gillsville Highway, Gainesville, Georgia 30507. A copy of all comments received will be available for public review at this same location and at the Office of Environment/Location, 3993 Aviation Circle, Atlanta, GA 30336-1593, as soon as compilation is completed.

Again, thank you for attending this public information open house and for giving us your comments.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Babs Abubakari".

PROJECT DESCRIPTION

STP-012-1(81) FORSYTH COUNTY

P.I. NUMBER 122015

Project STP-012-1(81) consists of the widening and reconstruction of State Route 306/Keith Bridge Road from State Route 400 to east of State Route 369/Browns Bridge Road, including the extension of the bridge culvert at Baldrige Creek. The project will also include improvements on State Route 369 at its intersection with State Route 306.

The proposed concept for the project is to widen State Route 306 from a 2-lane (1-lane in each direction) rural roadway to a 4-lane (2-lanes in each direction) roadway divided by a 24 foot raised median with a 16 foot urban shoulder with curb and gutter and a 5 foot sidewalk.

At the intersection of State Route 306 and State Route 369 both roads will be widened to improve the function of this intersection. A dual right turn lane will be constructed from State Route 306 east to State Route 369 south. In addition a dual left turn lane will be constructed from State Route 369 north to State Route 306 west. State Route 369 will also be widened to a 4-lane (2-12 foot lanes in each direction) divided by a 24 foot raised median with a 16 foot urban shoulder with curb and gutter and a 5 foot sidewalk in the vicinity of the intersection.

The total length of the project is approximately 1.4 miles.
